New York City College of Technology, CUNY

CURRICULUM MODIFICATION PROPOSAL FORM

This form is used for all curriculum modification proposals. See the [Proposal Classification Chart](#) for information about what types of modifications are major or minor. Completed proposals should be emailed to the Curriculum Committee chair.

Title of Proposal	**Minor Prefix, Description, and Prerequisite Modifications to BS in Healthcare Policy and Management (HCPM) Core Courses**
Date	**January 31, 2023**
Major or Minor	**Minor**
Proposer's Name	**Noemí Rodríguez**
Department	**Health Sciences**
Date of Departmental Meeting in which proposal was approved	**01/20/2023**
Department Chair Name	**Professor Susan Davide**
Department Chair Signature and Date	*[signature]* **02/02/23**
Academic Dean Name	**Dean Maureen Archer**
Academic Dean Signature and Date	*[signature]* Dean Archer-Festa **2/27/23**

Brief Description of Proposal (Describe the modifications contained within this proposal in a succinct summary. More detailed content will be provided in the proposal body.	**Health Sciences proposes to change:**
	
	1) **Course prefixes for three core HCPM-BS courses from "HSA" to "HSCI." These courses are required major courses in HCPM-BS and optional elective courses in Health Services Administration (HSA)-BS.**
	
	• **Introduction to Public Health Administration**
	    o **HSA 4910 to HSCI 4910**
	• **Nursing Home Administration**
	    o **HSA 4960 to HSCI 4960**
	• **Social Marketing in Healthcare Settings**
	    o **HSA 4970 to HSCI 4970**
	
	2) **Course descriptions for the above courses to indicate the minimum passing grade of a "C," as required for the HCPM-BS degree.**
	
	3) **Prerequisites for HCPM-BS core courses to align with their course descriptions regarding the minimum passing grade of a "C." The courses presented in this proposal are:**
	• **HSCI 3201 – Health Care Policy and Management II**
	• **HSCI 3301 – Health Law and Regulatory Compliance**
	• **HSCI 4101 – Managerial Systems in Health Care**
	• **HSCI 4201 – Medical Metrics for Health Facilities**

	• **HSCI 4910 – Introduction to Public Health Administration** • **HSCI 4960 – Nursing Home Administration** • **HSCI 4970 – Social Marketing in Healthcare Settings** • **HSA 3630 – Health Care Finance and Accounting Management** 4) **The overall HCPM-BS progression GPA to a 2.0 (from a 2.5).**
Brief Rationale for Proposal (Provide a concise summary of why this proposed change is important to the department. More detailed content will be provided in the proposal body).	**The prefix changes from HSA to HSCI acknowledge HSA 4910, HSA 4960, and HSA 4970 as core courses in the HCPM-BS degree and provide greater transparency in the curriculum.** **The HCPM-BS degree requires a minimum passing grade of a "C" in its HSCI upper-level courses (3000 and 4000). Aligning course descriptions and their pre-requisites to the above degree requirement will standardize the information shared with students during advisement, on CUNYfirst, and in the College Catalog. Furthermore, it will allow the Office of the Registrar to automatically drop students not meeting the requirements for their registered courses before the semester commences.** **An overall progression GPA of 2.0 (rather than 2.5) or higher will align to HCPM-BS's admissions GPA of 2.0 or higher and to CUNY's required 2.0 minimum GPA to graduate from a baccalaureate program.**
Proposal History (Please provide history of this proposal: is this a resubmission? An updated version? This may most easily be expressed as a list).	**Version 2 (April 3rd) – revised per Kim Cardascia's recommendations (eliminated the curriculum table and updated the progression table on page 16).**

Please include all appropriate documentation as indicated in the Curriculum Modification Checklist.

For each new course, please also complete the New Course Proposal and submit in this document.

Please submit this document as a single .doc or .rtf format. If some documents are unable to be converted to .doc, then please provide all documents archived into a single .zip file.

ALL PROPOSAL CHECK LIST

Completed CURRICULUM MODIFICATION FORM including:	
• Brief description of proposal	X
• Rationale for proposal	X
• Date of department meeting approving the modification	X
• Chair's Signature	X
• Dean's Signature	X
Evidence of consultation with affected departments List of the programs that use this course as required or elective, and courses that use this as a prerequisite.	X
Documentation of Advisory Commission views (if applicable).	N/A
Completed Chancellor's Report Form.	X

EXISTING PROGRAM MODIFICATION PROPOSALS

Documentation indicating core curriculum requirements have been met for new programs/options or program changes.	N/A
Detailed rationale for each modification (this includes minor modifications)	N/A

CHANCELLOR'S REPORT FORM

Section AV: Changes in Existing Courses

Prefix, course description, and prerequisite course changes for BS in HCPM major courses that already exist in the Department of Health Sciences.

Effective Term	Fall 2023		

Rationale: HSA 3630 is a discipline required course in the BS in Health Services Administration and BS in Healthcare Policy and Management (HCPM) degrees; it needs to align to HSA-BS and HCPM-BS curriculum standards and requirements regarding the minimum passing grade requirement of a "C" noted in its course description as well as for its HSA and HSCI prerequisites. This course is not writing intensive.

Section AIII: Changes in Degree Programs

The following revisions are proposed for the BS Healthcare Policy and Management

Program: BS in Healthcare Policy and Management
Program Code: 41551
Effective Date: Fall 2023

FROM:	TO:
~~For progression in the curriculum, students:~~ • ~~Must receive a minimum grade of "C" in each core upper-level course (3xxx plus) designated with the prefix HSCI.~~ • ~~Must maintain an overall 2.5 GPA.~~ ~~A student falling below 2.5 will have one semester to resolve this deficit. If a student fails to meet the above requirements, he/she will be withdrawn from the program.~~	For progression in the curriculum, students: • Must maintain an overall <u>2.0</u> GPA. • Must receive a minimum grade of "C" in each core upper-level course (3xxx plus) designated with the prefix HSCI <u>and HSA</u>. • <u>No HSCI or HSA upper-level course (3xxx plus) may be repeated more than once.</u> <u>Students who do not meet any of the above requirements will be withdrawn from the Healthcare Policy and Management program.</u>

Rationale: Modifying the overall HCPM-BS progression GPA requirement to a 2.0 or higher aligns to CUNY's graduation GPA requirement for baccalaureate programs as well as to the degree's admissions GPA of 2.0 or higher. The change will facilitate and streamline overall degree progression.
