Evaluate My Transfer Credit

Use this process to evaluate how credits earned at selected institutions may be transferred to another CUNY College. To begin, either select [CREATE NEW UNOFFICIAL EVALUATION](#) or select an existing evaluation from the list.

[CREATE NEW UNOFFICIAL EVALUATION](#)

NOTE: Evaluations completed through this process are estimates and are subject to review by the institution. An official application to transfer and college evaluation of coursework will be required before a final determination can be made, and may vary based on major.

***Select the Academic Career/level:** Define your current academic career status. Although there are many options in this drop down, there are only three that you will be choosing between.

1. If you are interested in transferring to Kingsborough Community College, you will choose Undergraduate Kingsborough CC
2. If you are interested in transferring to LaGuardia Community College, you will choose Undergraduate LaGuardia CC
3. If you are interested in transferring to any other CUNY college, you will choose Undergraduate

***Select the Institution/College:** Choose the college you intend to transfer TO

***Select the semester you plan to transfer:** Choose the semester you plan to transfer

***Select the Academic Program:** Choose Undergraduate

The question 'What major interests you?' will disappear.

Step 2: Transfer Credit Source Information

This is where you will choose which college you are transferring FROM.

Evaluate My Transfer Credit

Transfer Credit Source Information

Are you interested in transferring coursework from a College outside of CUNY?

OR

Are you interested in transferring from one CUNY College to another?

Find the institution where you completed the coursework you want to transfer. If you do not find the name of the school you attended or are currently attending, it does not imply that your coursework will not transfer. Please contact the Admissions/Records office for more information.

Select the college you are interested in transferring credits from:

Select One	Source Career	Source Institution
<input type="checkbox"/>	Undergraduate	Baruch College
<input type="checkbox"/>	Undergraduate	Borough of Manhattan CC
<input type="checkbox"/>	Undergraduate	School of Professional Studies

PREVIOUS

NEXT

If you are transferring FROM a CUNY College, check the box next to that school on the right.

If the school you are transferring from is not a CUNY College, click the Lookup tool on the left (skip to page 9 for more information). It is important to note that if you do not find a school listed here, it **does not** mean that you will not get credit for that coursework.

NOTE: You may only make one selection. If you are transferring credit from multiple schools a separate evaluation must be done for each one.

Step 3: Current Coursework

After selecting a CUNY College, the system will display all enrollment for that college. You will also see any courses in progress that don't yet have grades, but these will not be evaluated in the next step. After pressing submit, you can review your unofficial transfer evaluation.
