During this challenging period, the Division of Continuing Education has committed to creating pathways to higher education, job training, and professional development programs. By bringing both online and in-person courses to our diverse population of learners, we help meet the economic and workforce development needs of the evolving New York City.

- Dean Carol Sonnenblick

City Tech Continuing Studies Center Policies

Please note these binding policies. They allow us to continue to bring you the convenient, affordable, educational choices as you build your career.

- We only accept registrations and payments online at this time. Sign up and register at citytechce.org.
- All courses require payment of the full tuition, plus a \$20 nonrefundable registration fee before you are admitted to class. Some programs are eligible for the Installment Plan and are specified in this bulletin.
- The Continuing Studies Center accepts duly authorized vouchers from public agencies, union, and private organizations. Several programs are approved for Veterans' Benefits.
- 100% refunded when a written email withdrawal notice is received prior to first class meeting.
- 80% refunded if a written notice is received before the second class meeting.
- No refunds after the second day of class.
- With written notice, a valid reason, and approval from the director, one rollover to the *following* semester may be permitted.

Register Online: citytechce.org

We accept Master Card, Visa, or Discover cards. At this time we are unable to accept checks or money orders for individual registrations.

GROUP RESERVATIONS AND TRAINING

To register a group of students, or to request a group training for your organization, please contact Debra Salomon
dsalomon@citytech.cuny.edu

Registration: www.citytechce.org

Your path to success starts at City Tech

[The Continuing Studies Center](#) at City Tech is your partner in educational and career success. Start with certifications for healthcare, information technology, building trades, driver instruction, teaching, business, renewable energy, and much more. We keep a careful watch on industry trends and provide trainings for the job skills that employers seek.

Call the Continuing Studies Center Office for Assistance With Registration

Tuesday - Thursday, from 9 am to 5 pm. 718 552 1170

A member of our staff is available to answer questions about courses you are interested in and can take your registration by phone. Or [email](#) the center.

Reach Us by Email

Please see [page 35](#) for email contacts. We will reach out to you by phone.

We have created a variety of course formats for the Fall 2022 semester so you can update your skills and earn career-enhancing certifications in-person, online, hybrid, or self-paced courses that let you study on your own schedule.

Register in CUNY Cleared4

Every student attending an in-person or hybrid class on campus or in outdoor lab spaces must provide proof to CUNY that they are fully vaccinated in the CUNY Cleared4 app. Non-vaccinated students must provide approved medical or religious exemptions as well as proof of a negative COVID-19 molecular (PCR) test performed by an accredited lab no more than 7 days prior to the visit. After pre-registering, you will receive an email with a link to upload your Covid vaccination cards. 24-48 hours later you will receive approval and instructions to download the CUNY Cleared4 app to your smart device. Please be sure to sign up for Cleared4 as soon as you register for your in-person class.

[Click here to register in CUNY Cleared 4 \(**In Person or Hybrid Classes Only**\)](#)

Get Ready for an Online Class

You will meet with your instructor and classmates in a virtual setting. You will need to have internet access, a free Zoom account, and a space at home that will allow you to participate with few distractions. Course registrants will receive a welcome email with the course log-in link prior to the class start date. Please do try to keep your camera on so you can ask questions, interact and benefit from the social interaction.

Cameras and Recordings in an Online Classroom

Many instructors record their classes for the convenience of students. Instructors will inform students at the start of class that the session is being recorded. Those students who do not wish to be recorded will be alerted to turn off their cameras during class.

Will I Receive a Refund if a Course is Canceled?

From time to time a course may be canceled. If you are enrolled in a course that is canceled due a change in the instructor's schedule or insufficient enrollment, your entire course fee and registration fee will be refunded to the card used at registration.

To enroll in the college as a matriculated student, earning academic credits towards an Associate's or Bachelor's degree. Contact the City Tech Office of Admissions to learn more.

citytech.cuny.edu/admissions.

TEACHING ASSISTANT CHILD CARE CERTIFICATE PROGRAM | **HYBRID**

TAP 100

Tues, Thurs, 6 pm - 9 pm, 9/20 - 12/1, no class 10/4 & 11/24 and
Sat, 10 am - 2 pm, 9/24 - 12/3

100 hours, \$925 [Register](#)

The Teaching Assistant Program is a course for adults in transition to new careers working with children. Students are prepared for employment in both day care centers and school settings. The program includes 100 hours of online instruction. Instruction includes six hours of test review for the New York State Assessment of Teaching Skills Test (NYSATAS). During the course of the program, the student will complete workshops and receive certificates in Child Abuse ID, School Violence Prevention & Intervention, and DASA (Bullying) provided requirements are met.

Prerequisite: High school Diploma or a GED. For other requirements, see the coordinator. Upon successful completion, we will offer a separate internship course with instructor guidance for an additional fee, when internships are again permitted.

NYSATAS PREP CLASSES | **ONLINE**

TAP 091

Wed, Thurs 5 - 8 pm, [Watch for Fall Dates](#)

6 hours, \$65 [Register](#)

The Assessment of Teaching Assistant Skills (ATAS) is now part of the New York State Teacher Certification Examinations (NYSTCE). The purpose of this test is to ensure that certified teaching assistants/paraprofessionals have the knowledge and skills that are important for the job of a teaching assistant in New York State's public schools. The ATAS is a 100 question computer-based test lasting 3 hours at designated sites by appointment only. When you register, you must abide by all testing rules and policies. If you need an alternative testing arrangement, check the NYS Teacher Certification Exam Website.

This is a preparatory course for individuals interested in taking the NYSATAS exam. The course will review the core areas of NYSATAS (reading, writing, math and instructional

support) and provide an in-depth analysis of the one hundred multiple-choice questions that have been presented in previous exams. Supplementary handouts will be provided. Students are expected to attend both classes to improve their performance on the test.

CHILD ABUSE IDENTIFICATION AND REPORTING SEMINAR | **ONLINE**

HSX 090

5:30 - 8 pm

Sec A: Mon, 9/12

Sec B: Wed, 10/19

2.5 hours, \$55, [Register](#)

This seminar fulfills the NY State requirement for chiropractors, physicians, dental hygienists, dentists, optometrists, podiatrists, registered nurses, psychologists, school administrators, social workers and supervisors, school district administrators, teachers and pupil personnel service professionals who are applying for or renewing a license, registration, certificate or limited permit. This course is approved by the NY State Education Department.

DIGNITY FOR ALL STUDENTS ACT (DASA) BULLYING, CYBERBULLYING AND DISCRIMINATION IN SCHOOL | **ONLINE**

Mon, Wed, 5:30 - 8:30 pm

Sec A: 9/19, 9/21

Sec B: 10/12, 10/14

6 Hours, \$80, [Register](#)

The Dignity For All Students Act (DASA) workshop provides training on social patterns of harassment, bullying, cyber-bullying, and discrimination. This is required for all school professionals completing state-registered programs leading to certification.

SCHOOL VIOLENCE PREVENTION & INTERVENTION | **ONLINE**

HSX 091

5:30 - 8 pm,

Sec A: Wed, 9/14,

Sec B: Fri, 10/21

2.5 hours. \$55, [Register](#)

New York State Law states that a person applying on or after February 1, 2001, initially, or for the renewal of a license, registration, certificate, or limited permit must provide documentation that he/she has completed the required training in School Violence Prevention and Intervention. This seminar has been approved by the New York State Education Department. Participants will receive the required Certificate of Completion.

PROJECT MANAGEMENT PROFESSIONAL (PMP) CERTIFICATION PREP | SELF PACED

Self Paced learning 24/7 Mentored Support
BSX 512

Includes Course Materials and Textbook

Certificate Prep: Project Management Professional (PMP)®
4-6 months, \$1715, [Details and Registration](#)

The Project Management Professional (PMP)® certification is the standard for technology, healthcare, and a host of other industries where strong organizational and leadership skills are required. This program builds successful project managers at all levels of an organization. It provides comprehensive preparation for the PMP® certification exam including exam-taking tips, 25 comprehensive module quizzes, five process group tests, and two full-length, 200-question practice exams covering the areas of interest from A Guide to the Project Management Body of Knowledge, (PMBOK® Guide), which will provide a report to help you determine your areas of weakness.

What you will learn

- Explain the five stages of a project life cycle and illustrate how these stages can overlap in time
- Demonstrate how to create a project management plan with subsidiary plans for each of the knowledge areas
- Explain the overlapping nature of project activities and practice Project Integration Management to coordinate the various project management processes
- Illustrate how a project's various baselines (including scope, cost, schedule, quality, risk, procurement, and others) are determined, planned for, and managed.

QUICKBOOKS BASICS *IN PERSON*

BSX 511

Thurs, 6-9 pm, 10/20 - 11/10

12 hours, \$475, Register

Manage your business automatically with Quickbooks. Set up inventory, create a company file, issue vendor checks, pay bills, manage payroll, and create reports. This foundation class prepares you to begin managing your business accounting without manual entries, freeing hours of time so you can grow your company.

NYS NOTARY PUBLIC EXAM PREP | *ONLINE*

BSX 090

Sec A: Tues, 6 - 9 pm. 9/6

Sec B: 6-9 pm, 10/11

3 hours, \$65 [Register](#)

A three-hour workshop in notary public law and legal terminology, designed to prepare candidates for the New York State Notary Public Examination includes information and qualifications necessary for a license. The final half-hour is dedicated to Q&A.

BASIC 30-HOUR COURSE IN HIGHWAY SAFETY – BEHIND THE WHEEL | DEX 101

Tues, Thurs, 6 - 9 pm, 9/6 - 10/11
30 hours, \$300 [Register](#)

Designed for both present and prospective behind-the-wheel instructors. Lectures and demonstrations include behind-the-wheel driving procedures, traffic and highway safety, sign regulations, and crash prevention. Special emphasis will be placed on defensive driving. Photo ID required.

DRIVER INSTRUCTOR ED: | ONLINE BASIC 30-HOUR COURSE IN TEACHING TECHNIQUES & METHODOLOGY (5-HOUR PRE-LICENSING)

DEX 201
Mon & Wed, 6-9 pm, 9/26– 10/31
30 hours, \$300 [Register](#)

This lecture & demonstration course is designed to effectively provide the information necessary for safe driving. The course includes classroom teaching techniques, preparation of lesson plans, use of visual aids and public speaking. Students will develop sample lessons as a form of practice teaching. Lectures also include discussion of psychophysical testing equipment and techniques for defensive driving. This course meets the DMV's requirements for 30 hours in teaching techniques for instructors of the mandatory 5-hour course.

Driving Instructors do important work, teaching a new generation of drivers how to safely operate motor vehicles on roads and highways.

DEX 101 meets the NYS DMV's 30-hour basic course requirement for driving school behind-the-wheel instructors. DEX 201 meets the Department's requirements for teaching techniques needed to teach the mandatory five-hour classroom session.

New York City College of Technology Small Business Development Center

The Small Business Development Center at City Tech CUNY is staffed by professionals who, via one-on-one counseling or workshops, offer a variety of free useful services to new and existing businesses.

SELLING, BUYING & INVESTING IN REAL ESTATE IN 2022

REX 015
Tues, 6: - 8 pm, 9/13
2 hours, \$55, [Register](#)

For buyers, sellers, and renters this rapidly changing market can be harsh. How can we negotiate in the real estate world today? This course discusses strategic decisions when selling/renting in a buyers' market. Roz Friedman, expert in the field, explains what buyers need to think about and do, what renters need to consider, and what to do if you want to buy and can't afford it?

Topics will include

- 1031's, the "story" of the building (for renters)
- Renting your property in a renter's market (for sellers)
- Federal & local taxes, mortgages
- Anticipating the market turnaround

Coming In Fall 2022 - Cooking With Cannabis

The American Culinary Federation (ACF) Specialized Certificate in Culinary Cannabis and Edibles

Calling all Cooking Professionals! Prep Your Skills for Cannabis-Infused Cuisine.

Learn the safe handling of culinary cannabis and edibles.

Late Fall Schedule and Hours to be Announced. [Add your name to our list](#)

The upcoming passage of New York State licensed on-site marijuana consumption regulations, expected for late 2022, creates a short timeline for restaurants, cafes, and caterers that are gearing up to serve cannabis-infused baked goods, beverages, tinctures, and edibles. Skilled culinary staff will be in demand across the City. Our Cooking with Cannabis program prepares you for the American Culinary Federation (ACF) Specialized Certificate in Culinary Cannabis and Edibles exam. This certification will equip you to prepare and sell cannabis products containing cannabinoids.

The ACF certificate demonstrates an applicant's proficiency in the skills, knowledge and competencies for safely handling culinary cannabis and edibles. This exam was written and reviewed by industry-recognized subject matter experts.

The course covers the ACF exam topics:

- Plant Anatomy
- Storing and Cooking
- Concentrates and Extracts
- Endocannabinoid System
- Terpenes
- Math and Potency
- Safety

Eligibility for Registration

- Strong basic math skills
- Some culinary experience preferred
- NYC Food Handler's license, available online at no charge.

• **Register for the New York Food Handler license:**

nyc.gov/site/doh/business/health-academy/food-protection-online-free.page

Your Success Starts at City Tech! Interested in enrolling in the college as a matriculated student, earning academic credits towards an Associate's or Bachelor's degree?

CATERING PROFESSIONAL *SELF PACED*

Six Months, Open Enrollment

100 hours, \$1295, [Register](#)

Course Information 951-387.4225

[Payment Plan information](#)

The Catering Professional course provides the foundational skills needed for a career in the catering and events industry by teaching the elements of catering services, including overseeing events and functions and collaborating with other catering services. You will gain the ability to plan for successful food preparation and apply beverage management requirements.

This course will also demonstrate best practices for marketing a catering business, considerations for preparing and executing contracts, effectively manage human resources, and applying basic accounting principles. It will also prepare you for the Certified Professional in Catering and Events (CPCE).

What you will learn

- The foundations of integrated disciplines such as event planning, food and beverage management, sales and marketing, human resources, accounting practices and legal contracts.
- To manage the challenges of employee inductions, performance appraisals, exit interviews, staffing requirements, food safety, legal requirements and licensing, budgeting considerations and profit margins.
- A broad-based training to work in catering prepares you for entry level work in the catering industry without having to pursue a degree in hospitality

WEDDING PLANNER *SELF PACED*

Six Months, Open Enrollment

340 hours, \$1595, [Register](#)

Course Information 951-387.4225

[Payment Plan information](#)

Wedding planners combine creativity and organization to help happy couples celebrate the most important day of their lives. Train for a career surrounded by celebratory events!

In this course, you will master the fundamentals of planning, orchestrating, and delivering stunning weddings and parties. This course allows you to earn your certification as a professional wedding planner and will give you an opportunity to put your new skills to work in an optional internship. Lastly, it includes the opportunity to receive notifications on internships in your area to get hands-on experience.

Upon successfully completing the final exam, you will earn the Certified Wedding Planner certification offered by Lovegevity.

Internship Opportunity

You will receive notifications on internships in your area, an opportunity for you to get hands-on experience in wedding and special event planning. An internship enables you to apply your new knowledge and skills in a work setting while making important professional connections.

What you will learn

- Learn the skills required for a job in the wedding and social event industry
- Create event concepts and plan celebrations from beginning to end
- Understand how to negotiate vendor contracts
- Develop client contracts and service packages
- Access an online resource library containing more than 150 customizable documents you can download and use for your clients
- Receive notifications on internships in your area to get hands-on experience

ACADEMY FOR OCCUPATIONAL HEALTH AND CONSTRUCTION SAFETY

The city is a little safer with the establishment of our Academy for Occupational Health and Construction Safety facility at City Tech. Since 2006, we have enabled construction workers and other professionals to obtain the training they need to work on job sites.

Hands-on training is paused during Covid, however several classes are available in a live, instructor led format. Safety-compliance training is mandated by the Occupational Safety & Health Administration (OSHA), the New York City Department of Buildings or various other authorities before working with certain equipment and/or moving into such job titles as construction super or site safety manager.

For information on AOHCS courses [visit our website](#) or email the Director, Anthony Ruvio, aruvio@citytech.cuny.edu

Bringing Safety to Construction Sites

Safety-compliance training is mandated by the Occupational Safety & Health Administration (OSHA), the New York City Department of Buildings or various other authorities before working with certain equipment and/or moving into job titles as construction super or site safety manager.

For information on AOHCS course offerings, visit our website: www.citytech.cuny.edu/aohcs

City Tech Continuing Studies Center provides free programs to help all New Yorkers gain new skills and stay informed.

FREE COMMUNITY WORKSHOP
MANAGING HOARDING DISORDER IN RESIDENTIAL BUILDINGS| ONLINE

REX 014
Thurs, 6 - 8 pm, 11/3
2 hours, **FREE**, [Register](#)

In New York City where neighbors share walls, a hoarding resident becomes a community problem. Fire, odors, vermin, roaches, bedbugs, mice, and other pests can travel from one apartment to another and quickly compromise the health and safety of residents. In this free workshop, a panel that includes a building superintendent, a lawyer, and a social worker will outline strategies that help the hoarder and building residents to cope with and end the behavior.

Join our Apartment House Institute Mailing List and post your question for our expert instructors.

FREE COMMUNITY WORKSHOP
URBAN ENERGY
BRIDGE TO OFFSHORE WIND CAREERS

OSW 100
Wed, 6 - 8 pm, Watch for Dates
3 hours, **FREE**, [Register](#)

In 2021, Mayor Bill de Blasio announced an Offshore Wind investment plan that will create over 13,000 jobs for the region, New York City and Long Island. Offshore wind installations will soon open career pathways in every field, and new opportunities across the local supply chain. Contractors, welders, engineers, electricians, manufacturing In this informative seminar, learn about the skills and materials that are needed by developers and find out how you or your business can prepare. Contractors, cable layers, engineers, developers and City Tech instructors will discuss the planning, building and operating of a wind farm.

[Join the mailing list](#)

FREE COMMUNITY WORKSHOP
WHAT YOU NEED TO KNOW ABOUT EDIBLE CANNABIS

CANX 100
Tues, 6 - 8 pm, 10/25
3 hours, **FREE**, [Register](#)

The upcoming passage of New York State licensed on-site marijuana consumption regulations, expected for late 2022, creates a short timeline for businesses that are gearing up for industry production. This workshop provides a script for setting up a safe and successful cannabis-related business.

We will cover:

- Assessing A Plan of action
- Licensing and the Application Processes
- Writing a Business Plan
- Estimating Dispensary Costs, Securing Financing
- Designing Your Dispensary and Retail Experience
- Choosing the Right Dispensary Technology
- Safety and Security
- Sourcing your Cannabis Supply Chains

New to Computers? Learn the Basics for your Personal or Professional Use Coming Fall 2022

COMPUTER BASICS | *IN PERSON*

DPX 109

Tues, 6-9 pm, [Watch for Fall Dates](#)

12 hours, \$255

This course provides an overview of basic computer skills for new users. Learn to create and save files and folders and organize your computer storage. Computer Basics is a foundation class for individuals without computer experience who wish to continue to Microsoft Word, Excel, and Powerpoint.

Windows is the most popular and commonly used operating system today. Through hands-on practice, learn how to customize your Windows display, add and delete icons, control printing, manage files and directories, and browse the internet. Installing and launching apps in the Windows environment will be covered.

MICROSOFT WORD | *IN PERSON*

DPX 301

Tues, 6 pm - 9 pm, [Watch for Fall Dates](#)

15 hours, \$270

Prerequisites: Basic computer knowledge

Microsoft Word is the most frequently used program for personal and professional documents. This course teaches you to enter, edit, format and move text, and use spell check, thesaurus, review and grammar. Learn to set up pages, set margins, create headers and footers, change fonts and set type size. Microsoft Word can be used for brochures, invitations, calendars and much more.

MICROSOFT EXCEL | *IN PERSON*

DPX300

Wed, 6-9 pm, [Watch for Fall Dates](#)

15 hours, \$320

Prerequisites: Basic computer knowledge

Microsoft Excel is a spreadsheet program that is essential for accountants, managers, and administrators. Learn to create tables, columns, and rows in order to present financial information and other data for analysis and decision making. This is a basic class.

MICROSOFT POWERPOINT | *IN PERSON*

DPX320

Thurs, 6 - 9 pm, [Watch for Fall Dates](#)

No class 11/25

15 hours, \$320

Prerequisites: Basic computer knowledge

Microsoft PowerPoint is used for slide shows and presentations. Families, educators, administrators, scientists, sales professionals and others use PowerPoint to organize ideas and information into well designed, interesting presentations. In this course you will learn to use an existing theme or create your own, and to insert photos, charts, transitions, and video. Present your ideas clearly and tell a story that audiences will respond to with PowerPoint.

Tech Certificates

Are your skills ready for the new tech economy?

CompTIA A+ Cerifications **ONLINE**

CompTIA A+ EXAM PREP *HYBRID*

COMPUTER REPAIR

CRS 101

Tues,Thurs 6- 9:30 pm, 9/20 - 11/29

Tuesday classes meet online

Thursday classes meet in-person on campus

72 hours, \$1100 [Register](#)

A two-part payment plan is available.

Prerequisites: Basic computer skills, fluency in English.

Required text book: CompTIA A+ Certification All-in-One Exam Guide, Tenth Edition (Exams 220-1001 & 220-1002)

10th Edition.

A+ Certification is your first step in an IT career. Work at a help desk, as a field service technician, or in computer repair. This essential class lays the groundwork for networking and security jobs. Students will prepare for the The CompTIA A+ Core Series requires candidates to pass two exams: Core 1 (220-1001) and Core 2 (220-1002). The course will be conducted using a remote desktop installed on students' computers.

What You Will Learn in CompTIA A+

- How to troubleshoot and manage a computer system
- How to identify computer components
- How to work with computer numbering systems
- How to configure and troubleshoot Windows

CompTIA NET+EXAM PREP *ONLINE*

NETWORKING

CRS 102

Tues & Thurs, 6 - 9:30 pm, 9/19 - 12/5

72 Hours, [Register](#)

CompTIA Network+ certification validates the essential knowledge and skills needed to design, configure, manage, and troubleshoot wired and wireless networks. Lectures and labs will focus on network theory, communication, media, and hardware. By the end of this class, participants will be able to setup and configure a functional network. The course will be conducted using a remote desktop installed on students' computers.

What You Will Learn in CompTIA Net+

- Local Area Network Infrastructure
- TCP/IP, LAN infrastructure
- WAN Infrastructure
- Network Security

- Remote Networking
- Disaster Recovery
- Network Media and Hardware

CompTIA CySA+EXAM PREP *ONLINE*

CRS 104

Mon - Fri, 9 am - 5 pm, 1/23 - 2/2/23

72 hours, \$1100 [Register](#)

Prerequisites: Net+ Certification or Industry Experience
Interview required for admission to this course.

Start a career in cybersecurity by preparing for the CySA+ exam. The course focuses on detecting and preventing threats, analyzing data, cyber incident response procedures, and protecting company and customer data from attack. This advanced certification verifies your ability to monitor and combat cybersecurity threats.

What You Will Learn in CompTIA CySA+

- Leverage intelligence and threat detection techniques
- Analyze and interpret data
- Identify and address vulnerabilities
- Suggest preventative measures
- Effectively respond to and recover from incidents

FREE BICSI CABLE INSTALLATION

BIC100

Mon-Fri, 8:30 am -5 pm, [Watch for Dates](#)

Email sbusby@citytech.cuny.edu

For information please call Brooklyn Workforce Innovations (BWI): 718-237-2017 ext.149

200 hours, Free Training Program

Prepare for a career in the expanding telecommunications industry with this Level 1 intensive training course in cabling installation approved by the Building Industry Consulting Services International, INC. Successful completion of both the written and performance parts of the Level 1 certification exam will enhance employment opportunities.

Full Stack Skills for Web Development

FULL STACK WEB DEVELOPMENT 16-WEEK INTENSIVE | ONLINE

CRS 200

Mon, Wed, 6 - 9 pm, 10/3 - 1/25/23

96 hours, \$2500 [Register](#)

A two-part payment plan is available.

Meet the Instructor

Web developer Eloi Ortega has led our fullstack program for over five years, bringing deep knowledge, patience, and ability to accommodate a range of learning styles.

Full Stack Web Development is a 16-week, 96-hour class focusing on Front End programming languages, including HTML, CSS, Javascript, and jQuery along with BackEnd development concepts, practical knowledge in database design, server scripting languages (PHP) and data objects (XML and JSON). Students with little or no technical background will attain a level of proficiency and problem-solving ability that allows them to find junior-level front-end, back-end or Full Stack DEV (development) jobs and continue to grow their coding skills.

COURSE TOPICS

- Introduction to Programming Languages
- Python Basics
- Variables and Operations
- Control Structures
- Repetition Structures
- Strings
- Functions and Modules
- Lists
- Dictionaries
- File Input and Output
- Programming

Python Programming for Data Analytics

PYTHON PROGRAMMING DATA ANALYTICS

Mon, Wed, 6:30 – 9:30 pm, 11/14 - 2/13/23

No class 11/23, 1/1/23, 1/16/23

72 hours, \$1250, [Register](#)

Python is the essential programming language skill sought by a broad range of top companies in a wide array of fields where hiring managers seek entry-level python data analysts and data engineers. Learn Python data engineering from the ground up. This course will focus on learning the critical Python scripting and programming skills needed in today's job market.

The course starts with basic python scripts and end with object-oriented programming. Along the way you will learn the crucial data acquisition, data wrangling, and data cleaning skills. The following topics will be covered: data structures, list comprehension, lambda functions, generators, decorators, iterators, logging, and Python packaging. This course is taught by an instructor with real world experience in Python backend data engineering who will train you in how to pass a Python interview.

TOPICS INCLUDE

Jupyter Notebooks
Data structures
Scripting
Object Oriented programming
SQL
VS Code or PyCharm IDEs

At the end of this course students will be able to pass an entry-level python backend data engineering examination given by employers in fields including:

- Finance
- Health Care
- Science
- Technology

City Tech Success Stories

At City Tech CSC, our students come from many backgrounds. but share the desire to gain new skills and change their career path. From healthcare to technology to green building, to architecture and renewable energy, we are committed to your success.

“ After taking the Pharmacy Technician class at City Tech I got a job at CVS. Nine months later I was promoted to Field Colleague Trainer. I applied to and was accepted to pharmacy school and graduated in May 2021 with a Pharm D degree. Now I teach the CityTech Pharmacy Technician course. I owe a lot to the program for being with me throughout the whole journey.

- **Kiley Margolis**, *Pharmacy Technician Student to Registered Pharmacist*

“ The PV Associate Class got me started in Solar.

Our graduates have gone on to work at Tesla, Brooklyn Solar Works, Simple Phi, Long Island Power Solutions and Sunrise Solar. They work as installers, developers in sales, testing and as project managers. They form their own companies and are employed in all the boroughs.

-**Start your career in Clean Technology**

“ When you're in the program, you don't realize the importance of every course. It's very well rounded; when you're out in the field, you find yourself saying: Wow! I'm so glad I learned all these different concepts! I have applied everything that I've learned from GMB to my new position as a Maintenance Supervisor.

- **Carmen Rivera**, *Green Building Maintenance Student*

The healthcare industry will continue to drive the nation's employment growth through 2026 by adding around 4 million new jobs, accounting for about a third of total job growth, according to Bureau of Labor Statistics data

PHARMACY TECHNICIAN | ONLINE

PHA 090

Wed, 6 pm - 9 pm, 9/7 - 12/7

45 hours of Instructor-led classes

155 hours self-paced hours on course portal

200 hours, \$995 [Register](#)

Required textbook expense is additional

Prerequisite: High school diploma or GED.

This course is being offered online. Students will meet with their instructor once per week.

Contact Dania Anderson danderson@citytech.cuny.edu to receive course instructions.

Join this up and coming profession. Over a billion prescriptions are filled in the U.S. each year. Our convenient instructor-led online PTCB exam prep class prepares students for employment in retail and healthcare settings. Employment in healthcare occupations is projected to grow by 18 percent from 2016 to 2026, much faster than the average for all occupations, adding about 2.4 million new jobs. [Contact us](#) to learn about career pathways in rewarding careers.

Consider:

- Convenient once a week classes
- Online lessons mean you can learn from the comfort of home

PHARMACY TECHNICIAN BILLING AND REIMBURSEMENT PROGRAM | ONLINE

PHA 092

Wed, 6– 9 pm, [Watch for Dates](#)

45 hours of classroom instruction and experiential simulated learning

155 hours of self-paced online instruction and assignments

\$995, 200 hours, [Register](#)

*No additional textbook cost

Prerequisite: PHA090

Specialized billing and reimbursement technicians are in high demand and are paid well. These technicians can work in many diverse job settings including insurance companies, hospital finance departments, and specialty pharmacies. This specialty provides faster career growth and opportunities compared to general pharmacy technicians. This course will provide students with advanced training on core competencies required by the Billing and Reimbursement Certification

- Insurance programs and eligibility requirements
- Claim processing and adjudication
- Prior authorizations
- CMS audits and contract compliances

HEMODIALYSIS TRAINING | ONLINE

HEMO 100

Sat, Sun, 9 am- 12:30 pm, 9/10 - 11/6

60 hours of online, instructor-led classes,

\$1,580, [Register](#)

Prerequisite: A High School Diploma or GED is required.

For information email danderson@citytech.cuny.edu

The increase in chronic illnesses prompts a surge in the need for well-trained professionals, skilled in hemodialysis treatment. City Tech, working in partnership with Dialysis 4 Career, provides the comprehensive online training necessary to become a hemodialysis technician or nurse specializing in End-Stage Renal Disease (ESRD). Training will focus on essential topics including: kidney anatomy and physiology, renal nutrition, water treatment, vascular access, infection control, medication, complication, dialysis machine set-up, and patient monitoring.

ONLINE DENTAL ASSISTING CERTIFICATE

DAP100-SU22

Fri, 6 pm - 9 pm & Sat, 9 am - 12 pm, 9/9 - 1/28/23

107 hours, Instructor-led classes, \$1,700

Textbook expense additional

Information: danderson@citytech.cuny.edu

Dental Assisting offers excellent career opportunities for those without a college degree. The demand for trained dental assistants is currently excellent. The Dental Assisting Course will introduce students to the various aspects of dentistry necessary to be a competent and proficient Dental Assistant and provide skills needed to help candidates achieve employment as a dental professional in a clinical practice setting. This is challenging interesting work as an integral member of a professional healthcare team.

Admission requirements:

Complete an application for admission.

The applicant must submit proof of high school graduation, GED, diploma or the equivalent of secondary education completed from country of origin, if educated outside of the United States.

MEDICAL BILLING AND CODING | ONLINE

MBC 100

Mon, Wed, 6 - 9:30 pm, 8/17 - 2/27/23

180 hours, \$1,724 [Register](#)

For information email danderson@citytech.cuny.edu

The course will train the student for jobs in computerized medical billing and coding for medical offices, hospitals, and other medical facilities. It will include computer hands-on training on widely used Practice Management Software.

To enhance the student's training in the medical field, the course includes classes in medical terminology with anatomy and physiology, medical insurance for billing and reimbursement, and ICD-10/CPT-4 medical coding. At the end of the course, the student will be reviewed for the Certified Billing and Coding Specialist (CBCS) national certification exam of the National Health Career Association (NHA/ATI).

The Curriculum includes:

- Medical Terminology with Anatomy and Physiology
- Medical Coding ~ CPT-4 and ICD-10
- Medical Insurance for Billing and Reimbursement
- Practice Management Software
- Preparation for NHA CBCS examination

PHYSICAL THERAPY AIDE PROGRAM | ONLINE

PHT 100

Mon and Wed, 6:00 – 9:00 pm, 9/7 - 12/7

75 hours, \$1,220

Course tuition does not include the textbook.

Prerequisite: HS Diploma or GED.

For more information please email

danderson@citytech.cuny.edu

Physical Therapy Aides, sometimes called Rehabilitation Aides, are entry-level positions that mirror an emerging trend in healthcare delivery where support services are provided under the supervision of licensed professionals. They are employed in private physical therapy practices, chiropractic offices, long term healthcare facilities, and hospitals. An aging population with improved survival from heart attacks, strokes, and trauma as well as improved survival rates from birth injuries and severe disabilities will create added demand for PT Aides. Career ladder opportunities exist with collegiate study leading to licensure, both on the associate and advanced-degree levels.

EKG TECHNICIAN ONLINE | SELF-PACED CERTIFICATION PROGRAM

EKG 100

Register anytime, Study 24/7 to Fit your s//chedule
Self-paced e-learning course includes 6-months access to online content, all ebooks and supplemental content 6 months, \$1300, [Register](#)

For assistance, contact our learner support team at info@edu2.com or by phone 877-261-1484

EKG technicians work in physician's offices, hospitals, clinics, and other healthcare facilities. EKG technicians also work for insurance companies to provide data for health and life insurance policies. Similar to other growing healthcare professions, the demand for EKG technicians is expected to continue to grow substantially.

The EKG Technician Online program is offered by City Tech Continuing Studies Center with interactive learning modules, 24/7 mentoring, learning exercises, labs, and a student portal with career resources.

Topics Include

- Detailed anatomy and physiology of the heart
- Medical disease processes and terminology
- Medical ethics and legal aspects of patient contact
- Electrocardiography and echocardiography
- An introduction to the components, function, and proper use of the EKG machine
- The normal anatomy of the chest wall for proper lead placement
- 12-lead placement and other practices
- Medical terminology related to electrocardiography
- Care and safety of patients including medical and legal aspects of patient care
- Anatomy and physiology of the cardiovascular system

VETERINARY ASSISTANT | SELF-PACED TECHNICIAN PROGRAM

VAT 100

Register anytime, Study 24/7 to Fit your schedule
Self-paced e-learning course includes 6-months access to online content, all ebooks and supplemental content 6 months, \$1899 [Register](#)

For assistance, contact our learner support team at info@edu2.com or by phone 877-261-1484

The Veterinary Assistant program prepares learners for a new career in the field of veterinary medicine. Participants will learn about the care of animals as well as how to recognize signs of illness and disease in a variety of animals from common pets to exotic species. This program also covers interpersonal communication, interaction with clients and their animals, as well as how to assist the veterinarian during examinations.

Topics Include

- Terms and abbreviations used in veterinary medicine
- Body systems: anatomy, physiology, diagnostic procedures, and pathological conditions
- Body parts and anatomy specific to various species of animals
- Sex, age, birthing, grouping, and general descriptions of animals
- Examination, pharmacology, pathology, surgery, dissection, and laboratory procedure terminology
- Canines, felines, equine, ruminants, swine, birds, and other species
- Ethical, legal, safety, practice management, and professional communication
- Concepts associated with veterinary diagnostics, therapeutics, animal nursing care and husbandry

INTRO TO AUTOCAD | ONLINE

ACAD 200

Wed, 5:30 - 9 pm, 9/13- 11/29

42 hours, \$695 [Register](#)

Prerequisite: Basic computer literacy is required. Knowledge of blueprints or drafting is a plus. Includes an AutoCAD Educational License Available for PC or Mac

In this online course, participants learn the fundamentals of AutoCAD 2019 to prepare 2D drawings for architecture, interior design, mechanical & structural engineering, and other design fields. Topics include the AutoCAD drawing interface; display commands; CAD tools and drawing set-up, including scale coordinate systems, snaps and grips, basic draw and edit commands, layers, text, blocks, modify commands, plotting, and printing basics.

INTRO TO REVIT | ONLINE

BIM 101

Wed, 6 - 9 p.m, 11/30 - 2/1/23

36 hours, \$725, [Register](#)

Includes a Revit Educational License

All online users must have a PC computer that can run Revit 2022

[See hardware requirements here:](#)

Use Revit® software to produce consistent, coordinated, and complete model-based building designs and documentation. Automatically update floor plans, elevations, sections, and 3D views. Use 3D visualizations to see a building before it's built. Through hands-on exercises, explore advanced 3D building information modeling concepts and learn essential commands for improving workflow and productivity.

REVIT MEP FOR ENGINEERS | ONLINE

BIM 105

Thurs, 6 - 9 pm, 12/1- 2/2/23

36 hours, \$725 [Register](#)

Prerequisite: Knowledge of AutoCad

Includes a 3 year Revit MEP Educational License

Engineers use Revit MEP Building Information Modeling (BIM) software to design, analyze, and document complex building systems. Building Information Modeling (BIM) helps MEP firms improve accuracy, reduce and resolve clashes, and optimize building systems design. In this project-driven class learners will work in teams using MEP BIM software to improve collaboration, share data, and speed project delivery from design to construction.

This high level course is designed for tradespeople and engineers who work on plumbing, electrical and mechanical systems. Design, model, and document building systems in the context of a full building information model, including architectural and structural components.

NAVISWORKS MANAGE FOR BIM

BIM 106

Fri, 6 pm - 9 pm and Sat, 9 am - 5 pm, 12/2 - 12/10

21 hours, \$525 [Register](#)

Prerequisite: AutoCAD, Revit or Revit MEP

Includes an a Navisworks Manage Educational License (for Windows computers)

Navisworks review and coordination software allows you to visualize and unify design and construction data within a BIM model. Learn to identify and resolve clash and interference problems before construction begins, saving time onsite and in rework. Covers project team collaboration using Navisworks Issues Integration in the Autodesk Construction Cloud.

Construction Project Management

Find your success at City Tech | City Tech Continuing Education

INTRO TO BLUEPRINT READING

ECX 041

Sec A: Wed, 6-9 pm, 9/7 - 9/28 | **ONLINE**

Sec B: Tues, 6-9 pm, 10/11 - 11/1 | **IN PERSON**

12 hours, \$445 [Register](#)

Required Textbook (Students must Purchase)

Print Reading For Construction,

7th Edition by: Walter C. Brown, Daniel P. Dorfmüller,

Goodheart-Willcox, ISBN: 9781631269226, 1631269224

The ability to read blueprints is an essential skill for designers, contractors, real estate brokers, and building owners. In this lecture and virtual hands-on class, you will learn the vocabulary and language of blueprints.

ADVANCED CONSTRUCTION | ONLINE BLUEPRINT READING

ECX 043

Wed, 6 - 9 pm, 11/2 - 11/30

12 hours, \$445 [Register](#)

Required Textbook: Students must purchase

Print Reading For Construction,

7th Edition by: Walter C. Brown, Daniel P. Dorfmüller,

Goodheart-Willcox, ISBN: 9781631269226, 1631269224

This advanced print reading course covers the structural, electrical, mechanical, and plumbing drawings found in a set of construction documents.

BUILDING MATERIALS & METHODS **IN PERSON**

ECX 044

Tues, 6 - 9 pm, 11/8 - 11/29

12 hours, \$445 [Register](#)

This course builds an awareness of the building materials and construction technologies in use today. It covers a range of interior and exterior construction products and the best practices for their installation on residential and commercial jobs.

COST ESTIMATING FOR CONSTRUCTION | **ONLINE**

ECX 045

Wed, 6 - 9 pm, 12/7 - 12/28

12 Hours, \$445

Optional: Educational license for PlanSwift, \$100

Details: dsalomon@citytech.cuny.edu

Preparing an estimate and bidding a job is essential for contractors, designers, and others in the building trades. In this course you will learn to estimate the cost of general conditions, prepare a quantity take off for the materials to be used in the job, and extend unit prices to prepare an accurate cost estimate.

CONSTRUCTION PROJECT MANAGEMENT

ECX 046

Mon & Thurs, 6 - 9 pm, 11/14 - 12/29 | **ONLINE**

36 hours, \$725 [Register](#)

This course familiarizes participants with the plans, submittals, RFIs, contracts, and schedules used to manage a construction project. Students will work in teams, managing simulated jobs in which architects, contractors, and owners communicate and share documents, following the progression of a typical job.

DOB, PERMITS & FILINGS | **ONLINE**

ECX 302

Sec B: Wed, 6 pm - 9 pm, 11/0/26

3 hours, \$95 [Register](#)

This intensive 3- hour class teaches you how to navigate the NYC DOB permitting process. It covers a range of required filing tasks relevant to a construction job.

EARN A MASTER CERTIFICATE

In Construction Project Management

Validate your experience at City Tech CUNY
in convenient, instructor- led evening classes

Take any three of these:

- ECX 041 Introduction to Blueprint Reading
- ECX 043 Advanced Construction Blueprint Reading
- ECX 044 Building Materials and Methods
- ECX 045 Cost Estimating for Construction

Take one of these:

- ECX 046 Construction Project Management
- ACAD 200 Intro to AutoCAD
- BIM 101 Intro to Revit
- BIM 103 Revit MEP

Verify completion to receive Master Certificate
dsalomon@citytech.cuny.edu

Skills Training For Supers Part A will take place in an in-person lab. All students must be fully vaccinated, remain masked, and approved for access in the Cleared4 app.

[Download Covid campus access instructions.](#)

SKILLS TRAINING FOR BUILDING SUPERS | **IN PERSON** PART A: CERTIFICATE OF COMPETENCY

HHT400

Sec A: Tues & Thurs, 6 pm - 9-pm, 9/6 - 9/29

Sec B: Tues & Thurs, 6 pm - 9-pm, 10/4 - 10/27

24 hours, \$425 [Register](#)

This program prepares individuals to work as residential building supers and/or maintenance workers. Units include plumbing, electrical, tiling, plaster and drywall, and essential communication skills for working with tenants and outside contractors. You will work on your home as a practice lab- examining sinks and sockets, learning to repair drywall and set tile. Learn to communicate with building residents and outside contractors. Students will receive a certificate of completion as evidence of having met the educational requirements to work as a competent building super.

SKILLS TRAINING FOR SUPERS, | **IN PERSON** PART B: BUILDING MECHANICALS

HHT 401

Tues, & Thurs, 6 - 9 pm, 11/1 - 11/29

24 hours, \$425 [Register](#)

Building Supers must understand, operate, and manage all of a building's mechanical systems. This in-depth course explains how each system works and how to maintain it for peak efficiency. Systems covered include: heating, cooling, ventilation, pumps, and elevators. This lecture class is designed to assist building supers who wish to move to the next level of expertise.

ONLINE SKILLS TRAINING FOR SUPERS, **ONLINE** PART C: MANAGEMENT AND SUPERVISION

HHT 402

Tues, Thurs, 6 - 9 pm, 12/6 - 12/29

24 hours, \$425 [Register](#)

This advanced session of the Skills Training for Building Supers' Program is for those who wish to transition to a supervisory role. Topics include payroll, building protocols, staff evaluations, Maslov Theory, objectives, and leadership styles with a focus on the x and y strategy, as outlined by Douglas McGregor. Achieve a work team that performs at its best.

Don't hold the ladder- climb it!

Build your basic repair skills for work as a residential super. Then **climb the ladder** with courses in building mechanicals and staff management.

New York Times, February 25, 2011, The Super Comes out of the Basement

Continuing Studies Center is an FDNY Certified School for the Fire Life Safety (FLS) Director course.

For information about Fire Safety courses ssmart@citytech.cuny.edu

FIRE LIFE SAFETY DIRECTOR BASIC THREE COMPONENT MODULES | ONLINE

FSX 104
Wed, Thurs, 6 - 9 pm, 9/7 - 10/6
31 Hours, \$375 [Register](#)

MODULES

1. Fire Emergency - FSD General Topics, 20 hours
2. Non-Fire Emergencies EAP 7 hours
3. Non-Fire Emergencies Active Shooter/ Medical Emergencies Preparedness 4 hours

The FLSD Graduation Diploma is the first step to achieving a FLS Director Certificate of Fitness, T89 or F89. The diploma is valid for 9 months for the purpose of taking the follow-up FDNY computer based 'Fire Component' "On-Site" exam which must be scheduled with the FDNY.

An FLSD Graduation Diploma will be awarded to those who qualify after successfully completing the three lecture components listed above and taking a final examination for each with a passing score of 70% or better.

Some experience in safety and fire prevention, building maintenance, and/or facilities management would be helpful. Questions about your current professional status should be directed to the FDNY.

BUILDING OPERATION, MAINTENANCE | ONLINE AND RECORDKEEPING (BOMR)

FSX 012
Sat, 10 am - 1:30 pm, [Watch for Dates](#)
7 hours, \$100 [Register](#)

This Building Operations, Maintenance and Recordkeeping (BOMR) continuing education course is required of all Refrigerating Systems Operating Engineers (RSOE) who hold the Certificate of Qualification and must complete an application for renewal. Enrollees must bring current certificate card with ID number to class. This is not a beginners' course.

SPRINKLER AND STANDPIPE | ONLINE PREPARATORY CLASS FOR FDNY CERTIFICATE OF FITNESS

FSX 010
Sat, 10 am - 12 pm, 9/18 - 9/25
8 hours, \$150, [Register](#)

This Sprinkler & Standpipe Prep course is designed to help students understand the FDNY requirements for the inspection, testing, and maintenance of Sprinkler and Standpipe systems. This prep course will help students pass the FDNY F-01, S-12, S-13, S-14, & S-15 Certificates of Fitness computer-based tests.

CERTIFICATE OF FITNESS A-49 SUPERVISION OF AEROSOLS

FSX 003
[Watch for Dates](#)
3 hours, \$55

The Covid-19 pandemic presents challenges for New Yorkers. With the rise in use of flammable aerosols and spray can disinfectants, NYC College of Technology's Continuing Studies Center wants to make the public aware and alert about fire safety and non-fire safety best practices. This class prepares candidates for the FDNY Certificate of fitness A-49 Supervision of Aerosols. 24 hours.

To enroll in the college as a matriculated student, earning academic credits towards an Associate's or Bachelor's degree. Contact the City Tech Office of Admissions to learn more.

citytech.cuny.edu/admissions.

Fire deaths have dropped steadily during the past decades and studies have shown that there is a direct link to public education programs.

SUPERVISION OF BATTERY SYSTEMS | ONLINE AND OTHER RELATED SYSTEMS B29

FSX 009

Sat, 10 am - 2 pm, [Watch for Dates](#)
4 hours, \$80

Individuals responsible for operating or supervising battery systems must hold a Certificate of Fitness. Battery Systems, specifically uninterruptible power supply (UPS) systems, provide power to ensure the ongoing operation of critical systems such as those used in hospitals, banks, hotels, etc. This prep course will help students pass the FDNY B-29 Certificate of Fitness computer-based test.

CITYWIDE FIRE GUARD FOR IMPAIRMENT | ONLINE

FSX 005

Sat, 10 - 2 pm, [Watch for Dates](#)
4 hours, \$80

This fireguard prep course is designed to help students understand the FDNY requirements for impairments of the fire protection system, planned and unplanned shutdowns of the sprinkler/standpipe/fire alarm systems. This prep course will help students pass the FDNY F-01, F-03, F-04, F-60, and S-60 Certificate of fitness computer-based tests.

COORDINATOR OF FIRE SAFETY | ONLINE & ALARMS IN HOMELESS SHELTERS

FSX 100

Wed, & Thurs, 6:00 - 8:30 pm, [Watch for Dates](#)
10 hours, \$140, [Register](#)

A Certificate of Fitness F-80 is now required for FS Coordinators working in shelters as of August 1, 2013. This required course meets the FDNY standards for preparing to take the FDNY's examination for the Certificate of Fitness F-80. This Course will include procedures to prepare for emergencies, operation of fire alarm control panels, sprinkler systems, standpipe systems, and portable fire extinguishers in shelters.

FIRE AND EMERGENCY DRILL CONDUCTOR | ONLINE

FSX 004

Sec A: Sun, 10/2
Sec B: Sun, 11/20
Sec C: Sun, 1/8/23
\$80, [Register](#)

The main purpose of a fire drill is to allow occupants to practice emergency evacuation procedures. The Fire and Emergency Drill Conductor must make sure that fire drills are conducted in a safe and orderly manner. This Preparatory Course will help students pass the FDNY F-07 & W-07 Certificate of Fitness computer-based tests.

FIRE SAFETY DIRECTOR | ONLINE ONSITE PREPARATORY

FSX 008

Sat, 10 am - 2 pm, [Watch for Dates](#)
4 hours, \$80, [Register](#)

This 4-hour preparation course will cover information beyond the regular onsite issues covered in FSD courses. The Complete FDNY Onsite Study Guide will be reviewed with special emphasis on mandatory and important items that, if not stated during the test, result in automatic failures for candidates and the possible revocation of any existing FSD certification for a different building.

Building Trades / Electrical and Plumbing

Find your success at City Tech | City Tech Continuing Education

Electrical, Plumbing, and HVAC skills are always in demand. Start or continue your path to a secure career with live-online training. For information about our Building Trades class dates please email ssmart@citytech.cuny.edu.

FUNDAMENTALS OF ELECTRICITY I | ONLINE

EMX 090

Sat, 9 am - 12 pm, 9/10 - 10/8

30 hours, \$400 [Register \(20% Reduced Price\)](#)

Students should have an inexpensive multi-meter for practice.

Introduction to the basic principles of direct current circuits. Topics include engineering notation, series, parallel and series/parallel circuits. Students will learn about current, voltage, resistance and DC theory through lectures and demonstrations which will include measurement techniques and troubleshooting using calculation and multimeter. Students must have at least fundamental math skills.

FUNDAMENTALS OF ELECTRICITY II | IN PERSON

EMX 091

Sat, 9 am - 12 pm, 10/22 - 11/19

30 hours, \$400, [Register](#)

Prerequisite: EMX 090 or equivalent.

Students should have an inexpensive multi-meter for practice.

Topics include an introduction to alternating current and semiconductors, series and parallel in AC, AC theory, capacitors, inductors, transformers, diodes, and applications. At the end of the course students will know how to design and troubleshoot a working power supply that will convert from AC to DC. Working plans, service panel installation, electric meters, 250-volt receptacles, and intercom systems are covered.

FUNDAMENTALS OF HVAC | ONLINE ELECTRICAL CONTROLS

ECX 222

50 hours, \$875 [Watch for Dates.](#)

For more information email ssmart@citytech.cuny.edu

A good quality auto-ranging digital volt-ohm multimeter is required for testing electrical circuits and components.

This online introductory-level course focuses on the principles of electricity required by HVAC technicians including proper use of test equipment, A/C and D/C circuits, and component theory and operation. Electricity principles provides the foundation to support understanding how to troubleshoot heating, air conditioning and refrigeration equipment.

BASIC PLUMBING REPAIRS | IN PERSON IN HOUSING

ECX 162

Sat, 10 am - 5 pm, [Watch for Dates](#)

90 hours, \$1350

For completers of Online Plumbing Codes and Theory:
45 hours, \$600

The Spring 2022 semester may be with 3-hour Saturday lectures via video conferencing; 2 hours asynchronous student home assignments that will be graded and required by the instructor; and 1 hour one-evening a week, student-led group study sessions. This course is for building superintendents and maintenance personnel in multi-unit housing structures. Participants are taught how to perform routine maintenance tasks commonly expected of in-house staff.

The course demonstrates assessment, repair, and how to communicate repair requests to management and plumbing contractors. Demonstrations include installation, maintenance, and basic repair of plumbing fixtures, proper use and care of tools, an introduction to NYC plumbing code, installation planning, water supply & drainage, water treatment, and sump pumps.

As commercial and residential building mechanicals become increasingly complex, our expert instructors will prepare you to pass qualifying exams and work in the field with confidence

For more information on certifications visit NYC DOB
<https://www1.nyc.gov/nycbusiness/description/coq-q0>

REFRIGERATING SYSTEM | ONLINE OPERATING ENGINEER I

ECX121

Tues, Thurs 1/24/23 – 4/29/23

100 Hours, \$1200 [Register](#)

This course is designed primarily to assist individuals in preparing for NYC's Refrigerating Machine Operator licensing examination. It provides lectures, demonstrations, and reviews in the fundamentals of refrigeration equipment. The course includes a review of tube and pipe joining, gauges, refrigerant charging, system evacuation and dehydration, and analysis of compression of refrigeration cycles. Online field trips will be included in an instructor-led video classroom.

REFRIGERATING SYSTEM | ONLINE OPERATING ENGINEER II

ECX 122

Tues & Thurs 6 - 9:30 pm, 9/8-12/22

100 hours, \$1200, [Register](#)

Required Prerequisite: ECX 121

Note: in order to qualify for the 200-hour certificate, both ECX 121 & ECX 122 must be taken at NYC College of Technology.

This course is a continuation of Refrigerating System Operating Engineer I, a lecture/review in operating technique for commercial and industrial air conditioning. Includes review of troubleshooting, installation procedures, operating techniques for chillers, and appropriate New York City and ASHRAE codes.

REFRIGERATION MECHANICS | IN PERSON

ECX 102

Sat, 8 am - 1 pm

For information email ssmart@citytech.cuny.edu

150 hours, \$2150 [Watch for Dates](#)

Prerequisites: Some industry experience preferred but not required. High school level literacy and basic computer skills for logging in to web-based classroom are required.

This is the basic theory portion of our 150-hour Refrigeration Mechanics Theory and Applications course ECX 102. The first 50 hours will be didactic learning. This introduction to refrigeration system components and application, direct system, split system, heat pump, and refrigeration electrical controls and wiring. Students who complete this course will pay the option B (100 hour) price for ECX 103.

LOCKSMITH | IN PERSON

SOX 503

Fri, 6 - 9:30 pm,

70 hours, \$1130 [Watch for Dates](#)

Textbook and small tools are an additional expense.

The course is designed for building maintenance and security personnel, handymen, hardware specialists, and those aspiring to become locksmiths. It introduces the students to locking devices, keys, methods of picking, repair and service locks in both residential and commercial buildings. Topics include types of locks, keys, doors, openers and closers, and the basic installation of locks, handling emergencies, and key making. The inner workings of locking devices, including the mechanics of pin, disc, and combination locks, safes, and high-security protection will be examined. Students will learn to make keys by impression and create simple master systems. A review of the legal aspects of the locksmith profession will also be covered. Strong dexterity and eye/hand coordination are required.

ELECTRONIC SECURITY SYSTEMS | IN PERSON INSTALLER PROGRAM

SOX 095

Mon & Wed, 6 pm - 9:30 pm, 9/12 - 11/23

70 Hours, \$1130 [Register](#)

Prerequisites: High School diploma, or GED equivalent. Strong dexterity and eye/hand coordination is required. Normal color vision is a must, and the ability to work on a ladder. Good English skills are necessary for this training.

Additional expenses: Students can expect to spend an additional \$120 on textbooks and personal hand tools.

This course is designed to train those with no previous knowledge in the industry for entry-level employment in the field of security system installation. The course provides comprehensive teacher-led instruction in basic security installer topics, skill sets, and hands-on experience. After successful completion of the program, students will be prepared for employment in the security industry as a technician or field installer.

Please note:

Employment as a field installer in the security industry the employer usually requires a background check through the NY State Department of Criminal Justice.

This is not the NY State Pre-requisite "81-hour" course of the Fire & Burglar Alarm test and License.

This program is endorsed by the Metropolitan Burglar & Fire alarm Association (MBFAA).

BASIC ELECTRIC ARC WELDING | IN PERSON

WLX 520

6 pm - 10:00 pm, 10/17 - 12/12 (no class on 11/25))

84 hours, \$2,295 [Register](#)

NYC College of Technology 186 Jay St

Limited Class Size, NY State Safety protocols will be in place

This course teaches electric arc welding with metal electrodes and carbon arcs. It provides group and individual instruction in sources of electricity for welding, welding circuits, current controls, types of electrodes, and AWS classifications. It includes weldments from single weave beads to multiple pass lap joints and weaving filler welds with emphasis on length of arcs, rates of arc travel, amounts of current and electrode angles. Physical testing of weldments is required. Standard welding symbols, sample weld specimens, and technical data sheets supplement instruction.

ADVANCED ELECTRIC ARC WELDING | IN PERSON

WLX620

Mon, & Fri, 6 - 9:30 pm, 9/12 - 10/7

42 hours, \$1,150 [Register](#)

Please Note: Admission to this class requires an interview. To make an appointment, email Selwyn Smart at ssmart@citytech.cuny.edu, 718 552 1174.

This advanced class teaches vertical, horizontal, and overhead position weldments with flat angular and pipe type materials. It emphasizes sound weldments and proper positions to measurements. Students prepare their own weld specimens, such as beveling plates and pipes, using special equipment. The course helps prepare students for the American Welding Society welding certification examinations. Prerequisite: Basic Electric Arc Welding (WLX 520) or permission of instructor. 42-hour Advanced Electric Arc Welding.

NABCEP PV ASSOCIATE™ SOLAR PHOTOVOLTAIC DESIGN INCLUDES PV ASSOCIATE EXAM | HYBRID PVI 200

72 hours, \$1,450 [Register](#)

This course will be conducted on campus but live streamed in Zoom for those who are not ready to learn in person.

Mon -Thurs, 6 - 9 pm, 10/17 - 11/7 (39 hours)

Self Paced from online portal, (10 hours)

Sat, 10 am - 5 pm., 10/29/22 & 11/5/22, (14 hours)

Hands-on labs, on site Brooklyn Navy Yard Lab, (with social distancing)

Site Visit, Spring 2022 Location to be Announced (6 hours)

Includes Online NABCEP PV Associate Exam (Schedule at your convenience) (2 hour)

72 hours, \$1,450

A two part payment plan is available for this class.

NABCEP PV Associate CEUs:18 hours towards PVIP Exam or Recertification

For information contact: dsalomon@citytech.cuny.edu

The NABCEP PV Associate 70-hour class is designed for individuals who want to demonstrate a knowledge of the principles of design, installation and operation of Solar PV systems and sit for the PV Associate exam.

This lecture/lab course follows the NABCEP PVA Associate Job Task Analysis and provides hands-on training at our Brooklyn Navy Yard training site. The NABCEP PV Associate exam is included in this class. A passing score on will count for up to [18 hours towards eligibility to take the PV Installer Professional exam](#). For details about the NABCEP Entry Level program visit: NABCEP.org.

ONLINE NABCEP ADVANCED PV HYBRID INSTALLATION PROFESSIONAL EXAM PREP

PVI 206

40 hours, \$825, [Register](#)

Online, Instructor-Led Classes: Tues, 6 - 9 pm, 11/15 - 12/13

Online Self-Paced: (15 hours)

Live, Instructor-Led Labs at City Tech and Brooklyn Navy Yard:

Sat, 10 am -3:30 pm, Sat, 11/26 & 12/3

1/2 hour lunch

[40 NABCEP CEUs towards the PVIP Exam](#)

This high-level live online course is for those who intend to take the NABCEP PV Installation Professional Exam or other NABCEP Board Certifications. Students will meet in a combination of instructor-led and self paced formats with

live, instructor led videos streamed from our Brooklyn Navy Yard Solar + Storage lab. This hybrid format is ideal for those who have solar PV experience and need advanced educational CEUs from a NABCEP provider. Advanced topics in this class will include NEC code requirements, configuring and installing utility-interactive, bimodal and off-grid PV systems, battery chemistries, energy storage, energy storage safety, FDNY and Department of Buildings codes, and system maintenance. Visit NABCEP.org for exam requirements including documented installations and click on How to Apply to start your application.

Certificate of completion and 40 CEUs towards the PV Installation Professional exam

HYBRID ADVANCED BATTERY ENERGY STORAGE TRAINING FOR ELECTRICIANS AND CONTRACTORS

ECX403

40 hours, \$495, [Register](#)

Online, Instructor-led classes,

Mon 6-9: pm, 1/10 - 2/6, No class 1/16

Self-Paced Learning with video demonstrations

Site Visit: Sat, 1 -5 pm, 1/10 - 1/20/23

Approved NABCEP CEUs [Click here for Approved CEUs in Categories](#)

Contact: dsalomon@citytech.cuny.edu

Electrify your business! This hybrid advanced energy storage program is an excellent opportunity to update your skills for work with battery energy storage systems. The workshop is designed for existing electricians, renewable energy installers, engineers network professionals, and those in the construction trades. [Learn More](#)

Hands-On Home Repair

City Tech Continuing Education | [Find your success at City Tech](#)

This Fall, Our Popular Hands-On Home Repair Series is Back in Person!

[Download our instructions](#) for campus access. Register in the Cleared4 app. Then put on some old clothes and meet us in the lab.

Hands-On Home Repair Workshops

Weds, 6-9 pm

HHT 078

\$80 for each workshop [Register](#)

Chances are you have noticed dripping faucets, leaking toilets, cracked plaster, broken tiles, and crooked shelves in your homes. These hands-on workshops will teach you how to hold a handsaw, plaster a wall, stop a leaking toilet, install a lock, lay tile and become your own favorite handy-person.

Discover the satisfaction of learning how the systems in your house work so you can solve problems as they arise. Before you call in the contractor for simple repairs, learn how to do it yourself and become the most reliable handy-person in your neighborhood.

HOMEOWNER'S BASIC TOOL KIT

Sec A: Wed, 6- 9 pm, 10/12, [Register](#)

Cut a board, level a shelf; install an anchor bolt in a hollow wall. We'll show you the must-have home repair tools and teach you to use them on your own projects.

HOMEOWNER'S GUIDE TO BASIC PLUMBING

Sec B: Wed, 6 - 9 pm, 10/19, [Register](#)

How to fix a toilet, install a faucet, stop a drip, or unclog a drain. Save on costly repairs that you can do yourself.

EVERYDAY ELECTRICITY YOU CAN DO YOURSELF

Sec C: Wed, 6 - 9 pm, 10/26, [Register](#)

Replace a fuse, change an outlet, install a fixture, test for power and splice a wire.

PLASTER AND SHEETROCK REPAIR

Sec D: Wed, 6- 9 pm, 11/2, [Register](#)

Repair a crack, patch plaster, or fill a deep hole. With a few basic skills, you can do it yourself.

INSTALLING CERAMIC TILE

Sec E: Wed, 6 - 9 pm, 11/9, [Register](#)

Create a level base, select floor tile, lay out a pattern and install like a pro.

New: INTRO TO EPOXY RESIN CASTING

Sec F: Wed, 6 - 9 pm, 4/27, [Register](#)

Get cast away! This course will demonstrate the process of working with epoxy resin. Create your own, jewelry, sculptures and countertops. The only limit is your imagination.

Save Money. Do it Yourself.

City Tech Adult Education Programs

CUNY Language Immersion Program (CLIP)

An intensive, pre-matriculation English as a Second Language (ESL) program.

CLIP Program classes meet for five hours a day, five days a week, in day or evening sessions. CLIP is an option for students who have been accepted to CUNY and need to improve their academic English skills before taking college courses.

Students who have been accepted to any CUNY college and informed that they are not English proficient can begin CLIP in any semester and spend up to one year in the program. Students can attend any of the 9 CLIP program sites, which are in all 5 boroughs (See CLIP locations.)

Clip is a low-cost program for students who have been accepted to a CUNY college. Most students pay a fee of \$180 for a 14 to 16-week semester (25 hours a week). Students do not use their financial aid while in CLIP. Instead, they save their financial aid for subsequent college coursework.

Students may need to purchase books for their CLIP courses, but the costs will be low. (See CLIP enrollment information, calendar and fees for the upcoming session.) To register for City Tech Clip courses contact Donna Capobianco dcapobianco@citytech.cuny.edu

Free HSE and ESOL Programs

Free programs in High School Equivalency and English For Speakers of Other Languages

The **Adult Literacy Program** (HSE / ESL) has been a cornerstone of CUNY's Division of Adult and Continuing Education for more than thirty years. Through the Program, tens of thousands of New York City individuals have learned to speak English, to read, write and do math with greater facility, and to prepare for high school credentialing through the High School Equivalency exam.

Students must be at least 19 years old and meet minimum test requirements. Daytime, evening, and Saturday schedules are available. Classes meet three times a year in January, April and September. Registration is ongoing. [Download Registration form](#)

HSE and ESOL Programs are **free to students**. Funded since 1984 through combined New York City and New York State Education Department resources, the Program enrolls nearly 10,000 students a year

Free ESOL Classes

are designed for immigrants seeking to improve their abilities to speak, understand, read and write the English language. Classes are offered at the beginning, intermediate, and advanced levels.

Free HSE Classes

Students improve their reading, writing and math skills through the content areas of science, social studies and literature on the High School Equivalency (HSE) exam.

Business and Industry Workforce Training Center

Find your success at City Tech | City Tech Continuing Education

City Tech's **Business and Industry Workforce Training Center** offers immersive industry-specific courses that are financially beneficial to employers and job seekers. The training provides wrap-around services that include training assessment, counseling, career development and job placement assistance. At this time, BIWTC programs are taking place in a hybrid format. For information, please email Shermira Busby, sbusby@citytech.cuny.edu.

City Tech BIWTC staff focuses on individual strengths to enhance motivation and improve performance. Activities are conducted through individual and team-based assignments, in-class exercises, and one-on-one meetings with workforce professionals.

What We Do

Skills Training - for job readiness

Job Placement - in settings with room to grow

Follow Up - to insure job retention

Construction Training Programs

City Tech works in concert with New York City Housing Authority, Affordable Housing Developers and Local Unions to provide construction skills training and placement services. The program promotes training that results in long term employment, improved lives for participants and their families, and improved housing for residents of New York City. This program offers a free, full-time, and intensive 8-week program that provides participants with knowledge of the building trades and the opportunity to earn industry certificates including OSHA 10 hour and Supported Scaffolding as well as hands-on training in Sustainable Building and Blueprint Reading.

Green Maintenance for Buildings

The Green Maintenance for Building Program prepares individuals to work as janitors, porters and maintenance personnel either in commercial or residential buildings or janitorial service companies. The program encompasses educational enrichment and awareness of sustainable practices, and provides meaningful employment opportunities for low-income individuals with multiple barriers to employment.

Direct Care Professional for English Language Learners

This program is designed to provide high intermediate / advanced level English language learners with the knowledge, practical skills, certifications, and English language skills required to be competent Direct Support Professionals. DSPs work in agencies that provide services to children and adults with developmental disabilities.

Register Online: citytechce.org

This Fall, staff are working mostly in-person. If you need assistance, please call 718-552-1170 and we will return your call. For assistance using the registration system, please email bsmith@citytech.cuny.edu or ssmart@citytech.cuny.edu.

Please register online. Payments must be made by credit card. MasterCard, Visa and Discover are accepted.

REGISTRATION DEADLINE

The registration deadline is one week prior to the beginning date of the course.

ADMISSION

Course admission notices are emailed when the required minimum enrollment is achieved and tuition and fees have been paid.

COURSE CANCELLATION

The Center reserves the right to cancel any course or modify the schedule. This can also include cancellation at the first class meeting. In the event of such a cancellation, you will receive a full refund of all tuition and fees.

AUTHORIZED INSTALLMENT PAYMENT PLANS

Some courses/programs have been identified as eligible for a tuition installment plan. All payments on authorized installment plans must be made by credit card only.

! Class Meetings and Attendance Policies

Unless you are notified otherwise, all courses will start according to the schedules listed in the bulletin.

- Successful completion requires a minimum of 80% attendance (with the exception of NY State pre-licensing courses, which require 100% attendance) and an overall passing grade or mark.

! Refund Policy and Guidelines

Tuition refunds are issued to fully paid students under the following conditions:

- 100% refunded when a written email withdrawal notice is received *prior* to first class meeting.
- 80% refunded if a written notice is received *before* the second class meeting.
- No refunds are given after the second class meets.

REFUND POLICIES

Refund policy is based on the total course tuition, regardless of initial payment.

All registration fees are non-refundable. If you withdraw without **written notification**, you will not receive a refund.

To initiate a refund request:

Email refund requests to Selwyn Smart. Include your full name and contact information in the withdrawal request. ssmart@citytech.cuny.edu

Please include

- Date of registration
- Course name
- Date of class.

DISCOUNT POLICIES

If CSC offers a one-time discount for a course, this discount can not be applied to any other time period. There are no exceptions.

DISCOUNTS

Senior citizens 65 years and older, full-time New York City College of Technology faculty/staff, City Tech alumni and current full-time NYCCT students are eligible for a 15% tuition discount on a space available basis.

Registration Information / FAQ

Find your success at City Tech | City Tech Continuing Education

CERTIFICATES

Certificates for successful course completion are issued to all eligible students. It may take up to 4 weeks to receive your certificate. Please be assured that it will be delivered by email.

LETTERS OF ATTENDANCE

To obtain a letter confirming attendance or to request a replacement certificate, email Selwyn Smart, ssmart@citytech.cuny.edu

Note: There is a \$10 fee for this service.

ISSUES & CONCERNS

We continue to improve communication with our students. Concerns about our programs can be directed to Selwyn Smart, ssmart@citytech.cuny.edu.

VIRTUAL CLASSROOM POLICIES

Before entering your virtual classroom:

- Mute your cell phone
- Turn on your video settings
- Test your audio settings.
- Greet the class
- Mute your audio when the instructor is speaking

VIRTUAL CLASSROOM RECORDINGS

At the discretion of the instructor, classes will be recorded in the virtual classroom. If you do not wish to be recorded, please alert the instructor at the start of class.

CERTIFICATES POLICY

Certificates will be emailed to students who meet completion requirements will be emailed a pdf certificate. A printed certificate will follow in the mail.

FINANCIAL ASSISTANCE

Except for installment payments permitted for some programs, no college based financial aid is available through the Continuing Studies Center. Several programs are approved for Veterans' benefits. Unemployed workers who meet Federal, State, and City income guidelines may be eligible for Workforce Investment Act assistance.

WORKFORCE ONE ELIGIBILITY

To check for eligibility, contact one of the One- Stop Workforce 1 Career Centers:

Brooklyn: (718) 246-5219

Queens: (718) 557-6755

Lower Manhattan: (212) 618-8871

Upper Manhattan: (917) 493-7000

Bronx: (718) 960-7099

Staten Island: (718) 285-8388

STATEMENT OF NON-DISCRIMINATION

New York City College of Technology is an Equal Opportunity and Affirmative Action Institution. The College does not discriminate on the basis of race, color, national or ethnic origin, religion, age, sex, sexual orientation, transgender status, marital status, disability, genetic predisposition or carrier status, alienage or citizenship, military or veteran status, or status as victim of domestic violence in its student admissions, employment, access to programs, and administration of educational policies.

Patricia Cody, Esq. has been designated at New York City College of Technology to handle inquiries and complaints relating to CUNY's Policy on Equal Opportunity and Non-Discrimination and Policy on Sexual Misconduct and to ensure compliance with CUNY's procedures for implementing Reasonable Accommodations and Academic Adjustments. Her office is located in Namm 322.

If you wish to contact Ms. Cody please email:

pcody@citytech.cuny.edu.

CODE OF CONDUCT

Pursuant to article 129-a of the education law "Henderson rules": Loud, boisterous activity and inappropriate language that causes discomfort to the instructor or students in the program is not permitted. The student will be given written and verbal notice that his/ her behavior is in violation of the Code of Conduct. Repeat infractions will result in dismissal from the program. Violent behavior in the classroom will cause the student to be removed from the building by public safety officers.
