To the Patients of the CityTech Dental Hygiene Clinic:

Thank you for being a patient or considering coming to our Dental Hygiene Clinic for your dental hygiene care.

If the scope and type of dental care that you need cannot be provided by our dental hygiene educational clinic, we are pleased to provide the comprehensive list of community-based dental resources throughout the five NYC boroughs that offer a variety of dental services.

PLEASE DO NOT ATTEMPT TO GO TO THESE FACILITIES WITHOUT AN APPOINTMENT.

First, contact the dental facility by phone to determine their scheduling process. Second, ask what you may need to bring: photo ID, x-rays, referral letter, etc.

During your initial phone conversation, inform them whether you have any dental insurance, your job status (employed/unemployed), any disability insurance coverage you may be receiving. They will provide you with specific instructions.

We encourage you to complete your recommended dental care and look forward to seeing you in our dental hygiene clinic for periodontal maintenance. Upon completion of the dental treatment that your oral health requires, you may contact the dental hygiene clinic to schedule your next dental hygiene services.

Sincerely,
Dental Hygiene Department
