SUPERVISOR EVALUATION FORM
BY STUDENT

A.A.S and BS

This form is designed to give interns the opportunity to provide feedback about the supervision they receive during their internship. This information will be useful in discussions with supervisors and will help your faculty instructor evaluate the learning opportunities at various internship sites.

Each item that follows asks you to indicate the frequency with which activities of supervision occurred, your satisfaction with the activities, or both frequency and satisfaction. Please rate frequency based on percentage from 0 to 100 with 0 meaning that something never happened, and 100 indicating that the activity happened each time there was an opportunity as described in the item. Please rate satisfaction on a rating scale from 0 to 100 with 0 indicating that you were completely dissatisfied and 100 signifying that you were completely satisfied. Frequency and satisfaction ratings need not be the same. For example, if you met for fewer than the agreed upon times for supervision, you might rate the frequency at 75 percent. Your satisfaction might be anywhere from 0 to 100 depending on what you felt about this issue. Please try to evaluate each item separately from other items.
