Text: Music First by Gary C. White (McGraw- Hill).

Grading:

Exam 1 25%

Exam 2 midterm 25%

Exam 3 25%

Exam 4 final 25%

Assessment of Student Learning and Outcomes:

1. Students learn and apply fundamental concepts in singing and clapping rhythms. This is accomplished through discussion and through group and individual coaching. The mastery of these concepts is demonstrated through performance skill. In addition, they are the subject of quizzes and exams.

2. Students articulate how meaning is created in music and also how they understand a work of music. This will be accomplished through class discussion and through individual performances.

3. Students demonstrate their knowledge of the skills of composers and performers involved in the creative process. This is accomplished through class discussion and through their own performance skills.

Classes alternate between practical exercises, (listening, singing, clapping, movement, etc.) and lecture/demonstrations. There is considerable in class work and practice. Homework assignments are to be completed outside class. Students compose, write, analyze and learn to play music. Access to a musical instrument is very helpful.

Humanities Department Attendance Policy

It is the conviction of the Humanities department that a student who is not in a class for any reason is not receiving the benefit of the education being provided. Missed class time includes not just absences but also latenesses, early departures, and time outside the classroom taken by students during class meeting periods. Missed time impacts any portion of the final grade overtly allocated to participation and/or any grades awarded for activities that relate to presence in class.

Plagiarism and NYCCT Academic Integrity Policy:

“Students and all others who work with information, ideas, texts, images, music, inventions, and other intellectual property owe their audience and sources accuracy and honesty in using, crediting, and citing sources. As a community of intellectual and professional workers, the College recognizes its responsibility for providing instruction in information literacy and academic integrity, offering models of good practice, and responding vigilantly and appropriately to infractions of academic integrity. Accordingly, academic dishonesty is prohibited in The City University of New York and at New York City College of Technology and is punishable by penalties, including failing grades, suspension, and expulsion.” (See pp. 73-76 in the student handbook).
