Undocumented and Out-of-State Students Pursuant to Section 6206(7)(a) of the New York State Education Law, students who are not residents of New York, other than those in lawful non-immigration statuses, qualify for the resident tuition rate if one of the following conditions are met:

- ✓ The student has attended an approved New York high school for two or more years, graduated, and applied to attend CUNY within five years of receiving the New York State diploma.
- ✓ The student has attended an approved New York State Program for General Equivalency Diploma (GED) exam preparation, received the GED issued within New York State, and applied to attend CUNY within five years of receiving the New York State GED.
- ✓ The student was enrolled in CUNY in the Fall 2001 semester or quarter and was authorized by CUNY to pay tuition at the resident rate. Thus, a student who attended CUNY in the Fall 2001 semester and paid the resident rate does not have to satisfy either condition 1 or 2 above.

To reiterate, a student meeting one of the three conditions set forth above does not need to prove residence in New York State. The student can be a resident of another state, such as Connecticut or New Jersey, or can be an undocumented or out-of-status student. However, students who meet one of these criteria but do not have lawful immigration status must file an affidavit (i.e. notarized) with CUNY stating that they have filed an application to legalize their immigration status or will file such an application as soon as they are eligible to do so.

Any student who is eligible for resident tuition because he/she satisfies one of the three conditions above will remain eligible for that rate even if the student leaves and returns more than five years later or receives a degree and is returning for a second degree.

Any student who has been admitted to and is attending CUNY, who subsequently receives his GED (or TASC), does not qualify for the resident rate under the conditions stated above. CUNY does not recognize a New York State GED (or TASC) from any student who has already received a high school diploma or its equivalent from elsewhere.

Other Categories of Students who Qualify for the Resident Tuition Rate

Veterans and their Dependents

Individuals who are eligible for educational assistance under federal GI bills will be charged the in-state rate at the CUNY colleges. This includes individuals who served in active military, naval or air service and members of the National Guard and reservists who meet the requirements for benefits under federal GI bills. A veteran who meets the above eligibility criteria is entitled to the in-state or in-city rate even if he or she is not actually receiving benefits under a federal GI bill. In order to prove veteran status, a student must provide U.S. Department of Defense Form DD214 or a Certificate of Eligibility from the U.S. Department of Defense or the Veterans Administration.

In certain cases, spouses and dependents of veterans or other uniformed service members are also entitled to educational assistance under federal GI bills. Effective Spring, 2015, spouses and dependents who are eligible for educational assistance under federal GI bills are also entitled to the in-state or in-city rate. Generally, these are the spouses or dependents of service members who died or were disabled by their service, or to whom the veteran has transferred his/her veteran's educational benefits. Note that a student who was the spouse or dependent child of a service member at the time the educational assistance was

transferred would be entitled to the resident rate, even if he/she is not currently a spouse or dependent child (for example in the case of a divorce.)

Members of the armed forces of the United States on a full-time active duty station in the State of New York, and their spouses and dependent children, who enroll at a CUNY college, shall be charged the in-state tuition rate. Such students shall continue to be charged the in-state rate at CUNY even if they are subsequently discharged from military service.

United Nations Personnel

Foreign nationals employed by the United Nations, wishing to take advantage of the University's resident tuition rates, must present verification of their status as: 1) employee of the United Nations, 2) the spouse, or 3) a dependent of a United Nation employee.

Exchange Students

The University's resident tuition rate may be applicable to a student of another college or university outside of New York State, which, in exchange, grants its resident tuition rate to the CUNY student. Evidence of satisfactory educational qualifications must be presented and the approval of the CUNY College's president or designee is required.

Children of Certain CUNY and New York City Employees

The CUNY Board of Trustees passed a resolution stating that "a child of a member of the permanent staff of the Board, or a child of a deceased or retired member of such staff who had served for more than five years on an annual salary, or a child of an employee of New York City or of a City agency who is required to live outside New York City in the performance of his/her official duties shall be charged resident rates". Bylaws of the CUNY Board of Trustees. The staff consists of persons who have been granted tenure in tenure-eligible titles, including but not limited to professors, associate professors, and assistant professors (including those in medical and law professor titles), college laboratory technician titles; and teachers and other tenure-bearing titles at the Hunter College Campus Schools.

Intent to Continue Residing In the State and City of New York

Assessing one's intent to permanently reside in New York is a difficult task. In each case, the totality of circumstances will be reviewed. It must be stressed that the burden of proof as to a change of domicile rests with the student asserting it. Where the evidence is equal on both sides of the issue, the determination of domicile should be made in favor of the prior domicile, inasmuch as there is a presumption that an established (prior) domicile continues.

Appeal Process

Time Frame for College Review

The colleges should make every effort to complete all residency determinations by the first day of classes. If a student has submitted the required documentation, and a decision has not been made by the college by the first day of classes, the college should defer the difference between in-state and out-of-state tuition until the determination is made. If resident tuition is denied, and the student subsequently files an appeal

under the procedures described further below, the student is responsible for paying out-of-state tuition while the appeal is pending.

The colleges will not review any residency determination unless the request for the review is made in writing and all required documentation is submitted on or before the last day of finals in the semester for which resident tuition is being sought. The colleges will not make residency determinations retroactively and will not issue refunds to students even in cases where they would have qualified for the resident rate if they had submitted timely documentation. The colleges should inform students of their determinations in writing.

Appeal Process

Any student who receives a negative residency determination must, at the same time, receive a copy of the University's appeal procedures. If the student believes that he/she meets the requirements for resident tuition, he/she may appeal by notifying the Office of Undergraduate Admissions within ten days of notification that he/she has been determined to be a non-resident. At that time, the student may submit a statement to the Office of Undergraduate Admissions indicating why he/she disagrees with the college's decision.

Upon the submission of an appeal, the student will be provided with a copy, stamped "received" and the date, or some other dated proof of the college's receipt of the appeal. The Office of Undergraduate Admissions will submit the City University Residency Form, copies of all documentation provided by the student and any statement made by the student, along with the college's determination, to the University's Office of the Vice Chancellor for Legal Affairs and the General Counsel, which will make a final determination regarding the student's residency status.

Complete rules regarding eligibility for the resident tuition rate and appeals procedure are set forth in CUNY's Tuition and Fee Manual at: <http://www.cuny.edu/about/administration/office/la/tuition-fee-manual.html>
