BLACK VISUAL CULTURES

ACADEMIC MINOR

Black Visual Cultures

WHAT IS AN ACADEMIC MINOR?

An academic minor is a path of study designed to enable students to pursue a second field of specialization. Academic minors are intended to officially recognize students' attainment of knowledge in more than one academic field and to encourage students' goals of broadening their education across academic disciplines.

For more information, please visit our website at: www.citytech.cuny.edu/catalog/minors.aspx

THE BLACK VISUAL CULTURES MINOR

is available to all students in any academic major with 12 or more credits in General Education Flexible Common Core and the College Option Requirements. Students will be able to declare and begin working on academic minor courses, at the earliest, during their second semester of enrollment at City Tech.

For more information about New York City College of Technology (City Tech), or to begin the admissions process, please visit www.citytech.cuny.edu or call 718-260-5500.

What is the Black Visual Cultures Minor (BVC)?

The Black Visual Cultures minor within the Department of African American Studies encompasses a study of the history of traditional arts within Africa, the United States and the Caribbean such as painting, sculpture, and printmaking, in addition to topics that fall within our more expansive visual culture including the history of photography, illustration, the graphic arts, and media. In addition, there is also a place-based learning component to the minor.
