## **Final Fiscal Year (FY) 2024 Year-End Financial Update Key Takeaways**

### **Structural Deficit and Year-End Financial Condition**

The Final Year-End Financial Update for FY2024 summarizes the financial condition of the University through the presentation of college-level and University-wide financial data. This final update reflects minor modifications made to the Preliminary Year-End Financial Update dated October 1, 2024, which result from the final processing of transactions and other adjustments to year-end balances.

The University's structural deficit decreased by an additional \$2 million from an estimated \$70 million as of the Preliminary Year-End Financial Update for FY2024 to \$68 million in this final update. College year-end balances range from a deficit of \$900K million to a balance of \$20 million at the senior colleges; from \$0.5 million to \$9 million at the Graduate and Professional Schools; and from a deficit of \$6 million to a balance of \$34 million at the community colleges. Federal stimulus funds were used as intended to cover lost revenue and were exhausted in FY2024.

Expense reduction actions, revenue generation strategies, increased general operating aid from our funding partners, and the use of Federal stimulus funds to cover lost revenue, have all combined to generally establish a more stable financial condition at the end of FY2024. Colleges with cash deficits will continue to pursue expense reduction and revenue generation strategies to achieve balance, while other colleges with structural deficits, but positive balances due to the accumulation of reserves, aim to make strategic investments and employ sound budgetary practices to improve their financial condition and eliminate the deficit.

### **Expenditures**

Overall, annual expenditures decreased by 1%, or \$18 million, as compared to FY2023.

- Personal Service expenses increased slightly, by \$9 million.
- OTPS expenses decreased by 8%, or \$28 million.

- Graduate and Professional Schools revenue is up by 6%, or \$3 million, overall; changes range from -10% to 16% across the schools.

- Community College revenue is up by 12%, or \$27 million, overall; changes range from 3% to 38% across the colleges.

## **Enrollment**

Full-Time Equivalent (FTE) enrollment increased by 3% from Fall 2022 to Fall 2023, or 5,702 FTEs.
