

The availability of counseling and other support services for the victims of bias related crime;

Anyone who is a victim of a bias-related crime is encouraged to seek counseling from a trained mental health professional. Experienced counselors, trained to assist with the consequences of bias-related crime and/or bias-related crime trauma, are on hand at the College's Counseling Center to provide crisis intervention, in-office counseling, referral to other support services and self-help groups. The center can also refer victims to community based support groups and professional organizations. The college will assist any student wishing to contact outside agencies, including local police, regarding charges and complaints of a bias related crime. The college can also assist in changing academic schedules after an alleged incident.
