

Directions: It will take about 30 minutes to do this guide, complete before joining the zoom session.

Advisors need: Audit/Transcript/This Guide or we cannot advise. EMAIL FOR ONLINE ALL THREE DOCUMENTS: We cannot fill this form out for 700+ students!

The Chair and Internship Coordinator are NOT on advisement: SEE AN ADVISOR FOR ALL QUESTIONS

The Course Planner, in catalog, is for student to determine graduation semester-it is NOT THE ADVISEMENT GUIDE!

Step 1. Print the following 3 items: DEGREE WORKS AUDIT; TRANSCRIPT; THIS GUIDE and have the CityTech LA site up-search Liberal Arts (<http://www.citytech.cuny.edu/advisement/liberal-arts-sciences.aspx>) The LA page will also show if a course meets Pathways categories, etc., so it is a VERY helpful site. USE IT!

Step 2. Find a course and Check It Off on the Degree Works Audit.

Step 3. Next check off the same course on the HUS Advisement Guide

Step 4. Finally, check off the same course on the Transcript

Repeat Steps 2-4 for each course.

Step 5. Now review the Audit & Transcript. Are there any courses without a Check mark? Can they be plotted? Note courses from a non-HUS major are not transferable. Also, sometimes transfers have an excess of LA credits that cannot be plotted, but will remain on record.

DEGREE WORKS AUDIT LIMITATIONS/IMPORTANT TO KNOW:

Note: There is a major flaw in Degree Works Audit, where it does not plot 120 credits. Nor does it say 'still need liberal arts'. It is a programming issue that cannot be fixed. Here is some guidance:

LIBERAL ARTS: Degree Works Audit does not plot all of the 60 credits of Liberal Arts courses in the main section of the Audit instead, LA course are located on the bottom of the audit: 'elective classes allowed'. The Degree Works for many of the LA will not say: 'STILL NEED LIBERAL ARTS' so you need to count your LA to be sure you have 60. Some students think they are finished because there are no 'still needed' on the audit, but students may still need LA courses to make 60 credits. <http://www.citytech.cuny.edu/gen-ed/liberal-arts-sciences.aspx>

TAP FLAGS: Be prepared for a TAP Flag: TAP will often flag these LA courses, since they are not plotted and remain on the bottom of the audit, and TAP thinks they are not valid. To rectify this TAP Flag, do the Advisement Guide, then tell any Advisor what course(s) are being flagged. Ask the Advisor to email Kwesi Reid, in Registrar and copy TAP. Mr. Reid will then inform TAP of your status as needing the course(s). Be sure it is a course you need. Note that Kwesi Reid assesses all HUS degrees. We do not award the degree, only Registrar can. We only offer the courses.

General Information:

A. Transfer Students: With a HUS Associate Degree-make sure you check with an Advisor before taking ANY HUS/HEA Associate courses, as you may not need them. See Transfer Office if you need your HUS Associate courses plotted.

B. Transfer Students: Without an HUS Associate Degree-Students need to complete all the major course requirements, including the 60 Human Service Courses. Often, transfers come with a lot of LA courses, so be aware that your plan may no longer be seamless-sometimes the student can only go part-time due to prerequisites. **As per department curriculum policy, we do not allow students to skip prerequisites.**

C. Associate HEA Courses: Students can take another one for a LA credit, just NOT HIV/AIDS.

D. MAT 1272 Double Duty: counts for the HUS statistics requirement and the Scientific World (SW) category for 3 credits (not 6). Some students may also plot MAT 1272 in MQR, but then must take a Scientific World course.

E. Interdisciplinary Course MUST have an ID section. *Do not take SB2000ID as it the same as HUS 3610.* Do not take both Health PsyID and Health Psy-Credits given for only one. See ID page, and options if graduating. ID courses are filled quickly. <https://www.citytech.cuny.edu/advisement/interdisciplinary.aspx>, or search *Interdisciplinary* on website

F. - Writing Intensive Courses

-Non-Major Writing Intensive (WI) Requirements: <http://www.citytech.cuny.edu/advisement/writing-intensive.aspx>

-HUS Major WI Requirement is fulfilled as all HUS field/internship courses are designated as WI. Students have to complete WI for Liberal Arts/Gen Ed as well.

G. *Check The Prerequisite(s) for HUS/HEA courses in the online catalog:

<http://www.citytech.cuny.edu/catalog/docs/catalog.pdf> **Registrar will drop student from course without prerequisites.**

H. Override for a Course: If you need an override for a OPEN section, and there is a valid glitch email the Chairperson. In the subject line put your Emplid ID/FULL NAME. In the email (only from your CityTech email) indicate the Course (HUS 1101) Open course section (E856). Overrides are given for glitches and closed field/internship sections. We do not give overrides for personal schedules, financial aid, or closed sections. Classes have a cap, so please do not request an override unless you qualify. This is a Dept. policy that all faculty/Chair must follow. Note: Do not ask an instructor to allow you into their class, as they do not have the authority.

I. Course Offerings & FIELD INTERNSHIP: We only offer what is on CUNYfirst as we do at least one section in the day or eve/weekends. Summer & Winter Session has limited offerings. We figure out the the courses for the next semester in October/March. **Field/Internships have NO exception application due dates: 12/1 for spring, & 5/1 for summer/ fall.**

J. Come to Advisement Early in the Semester-as the line gets long: We have approximately 14 hours of advisement per week, for 14 weeks (196 hours!) Please arrange your schedule. We have limited advisement in Winter and Summer Sessions. We will send schedules to CityTech emails and other information on a regular basis. (Faculty are off in summer)

Students are responsible for reading their CityTech email, catalog, College Website, etc. Students who have not done this have graduated later than expected. If you are not getting our emails, see our Administrative Assistant in A805.

Students need to complete **60 Liberal Arts/Pathways** and **60 HUS credits = 120 credits** - Count your credits~ as the Degree Works Audit will not plot 120 credits nor all of the 60 Liberal Arts/Pathways required credits.

-Questions about your audit? Email: DegreeWorks@citytech.cuny.edu

-For All Non-Advisement Inquires: Contact the Student Welcome Center/Info: 718-260-5520 Lib Bldg. 1st Fl or ONLINE CATALOG

HUMAN SERVICES ADVISEMENT GUIDE
