AAS

in Radiologic Tech & Medical Imaging

# WALK-IN ADVISEMENT – SPRING 2020

ASSOCIATE'S PROGRAM (AAS)	LOCATION: A-414A
Wed, January 8	10:00 A.M. – 3:00 P.M.
Wed, January 15	10:00 A.M. – 3:00 P.M.
Tue, January 21	9:00 A.M. – 11:00 A.M.
Thu, January 23	9:30 A.M. – 4:30 P.M.
Fri, January 24	9:30 A.M. – 4:30 P.M.
Mon, January 27	10:00 A.M. – 4:00 P.M.
Tue, January 28	10:00 A.M. – 4:00 P.M.
Wed, January 29	10:00 A.M. – 4:00 P.M.
Any other time in the spring	call 718-260-5360 for an appointment

**\*PLEASE NOTE:**

**ALL STUDENTS SEEKING ADVISEMENT MUST BRING IN THEIR LATEST TRANSCRIPTS.**

# OFFICE CONTACT:

RADIOLOGIC TECHNOLOGY & MEDICAL IMAGING  
ACADEMIC COMPLEX, ROOM A-414  
BROOKLYN, NY 11201

TEL: 718-260-5360

FAX: 718-260-5340

WEB: <http://www.citytech.cuny.edu/radiologic/>

EMAIL: [radiologictech@citytech.cuny.edu](mailto:radiologictech@citytech.cuny.edu)

# Preparing for Advisement

- ❑ Note the dates of “open advisement” in your calendar
- ❑ Make sure that you have your up-to-date academic transcript in hand (unofficial copy acceptable)
- ❑ Resolve any registration hold/s if applicable
- ❑ Read the schedule of classes in advance
- ❑ Think of any academic or career-related questions or concerns you may have
- ❑ Plan to register for class early

# During the Advisement Session:

- Discuss program requirements
  1. Academic performance
    - a. **Cumulative GPA must show excellent** overall academic performance
    - b. **Prerequisite GPA** is based on academic performance in prerequisite courses only  
(ENG 1101, MAT 1275, BIO 1101, BIO 2311, and RAD 1124)
  2. Two Writing Intensive Courses Needed  
(1 in Gen Ed, 1 in major)
  3. Read carefully the Required Functional Abilities/Technical Standards (Available in the College Catalog and Department Website).
  4. Computer Literacy Needed (Contact the Learning Center)
- Review and discuss your transcript/s
- Review and discuss your academic progress
- Select courses to register for the upcoming semester

# AAS Prerequisite Requirements

- RAD 1124 Intro to Rad Tech 1cr
- ENG 1101 English Comp 3cr
- MAT 1275 Coll Algebra & Trig 4cr
- BIO 1101 Biology 4cr
- BIO 2311 Anatomy & Phys. I 4cr

*(Anatomy & Physiology must be taken within 5 years, with a minimum grade of "C")*

**Total 16cr**

# Transfer into

## AAS in Radiologic Technology

### □ Residency Requirement:

- Students who transfer from other institutions must complete at least 1 full semester at City Tech and meet all other academic requirements in order to be considered for the clinical phase of the AAS in Radiologic Technology.

# FAQs: AAS in Radiologic Technology

- I want to change my current major to Rad Tech. How do I go about making the change?
  - R- You should obtain a Change of Curriculum Form from Registrar, complete the form and bring it to the Department (A-414) with your transcript. Approval of this form will depend on completion of BIO 1101 or BIO 2311 and GPA (min 2.7).
- Can I attend the clinical phase as a part-time student?
  - R— No. The program requires a full-time and day-time commitment with no exceptions.
- Can I continue to work if I choose to while in the program?
  - R— Employment is the single **greatest cause of failure** in the program. Students who work are at risk of failing 1 or more RAD courses and therefore cannot continue.

# FAQs: AAS in Radiologic Technology

- Can I register for RAD courses before being selected for the clinical phase of the program?
  - R— You may register for only 1 course with the prefix RAD prior to program selection. **RAD 1124 Intro to Rad Tech is now a prerequisite for the program. Effective spring 2019, candidates for the fall must complete this course by the end of spring.**
- When would I know if I have been selected for the clinical phase?
  - R— You would be informed during the early advisement period in the spring semester.
- Can I start the clinical phase of Rad Tech in January?
  - R— No... The selection process is conducted only in spring and those who are selected start in the fall.

# FAQs: AAS in Radiologic Technology

- When should I have completed the prerequisite courses?
  - R— Candidates may complete the prerequisites at the end of fall or end of spring. However, please note that qualified candidates who are enrolled in prerequisites during the spring semester will be conditionally accepted.

Condition entails that candidates complete the prerequisites by end of spring and maintain a strong academic performance.

- Candidates who complete the prerequisites by end of December or Winter Session will be selected first without any conditions. Selection will continue until the end of the spring semester.

# FAQs: AAS in Radiologic Technology

- Does the program prepare students for Ultrasound/Medical Sonography?
  - R. No... However, students who have already completed Medical Sonography and are credentialed may apply to the BS in the Radiological Science program.
- Does the program prepare students for Nuclear Medicine Technology?
  - R. No... However, students who have already completed Medical Nuclear Medicine and are credentialed may apply to the BS in the Radiological Science program.
- Does the program prepare students for Radiation Therapy?
  - R. No... However, students who have already completed Radiation Therapy and are credentialed may apply to the BS in Radiological Science program.

# FAQs: “I have been selected to start in the fall, and .....

- ❑ Should I start reading the required textbooks ahead of time?
  - No... We strongly discourage students from reading the textbooks prior to starting the program. We find that it can be exceptionally damaging to our work in the classroom.
- ❑ What should I do during the summer months to prepare for the program?
  - You should use this time to thoroughly review all materials covered in BIO 2311 Human Anatomy and Physiology I.
  - You may start learning medical terminology. Begin with prefixes, suffixes, word roots and combining forms.
- ❑ What if I have more questions and advisors are not available?
  - R– Refer to the College Catalog and Visit the website at: <http://www.citytech.cuny.edu/radiologic/>
